No Hitters and Perfect Games by Year 47

Official NCAA Division I baseball records began with the 1957 season and are based on information submitted to the NCAA statistics service by institutions participating in the statistics rankings. Career records of players include only those years in which they competed in Division I. Annual team champions in home runs, triples, doubles, stolen bases, slugging percentage and double plays were added in 1972. Annual individual champions in saves were added in 1980; runs, bases on balls and toughest to strike out were added in 1981. Individual hit by pitch and sacrifice hits were added in 2004. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exist. In these cases, the numerical order of the rankings is accurate.

Official NCAA Division II baseball records began with the 1963 season and are based on information submitted to the NCAA statistics service by institutions participating in the statistics rankings. Career records of players include only those years in which they competed in Division II. Annual individual champions in runs, bases on balls, toughest to strike out and saves were added in 1990, along with annual team champions in home runs, triples, doubles, stolen bases, slugging percentage and double plays. Individual hit by pitch and sacrifice hits were added in 2004. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exist. In these cases, the numerical order of the rankings is accurate.

Official NCAA Division III baseball records began with the 1974 season and are based on information submitted to the NCAA statistics service by institutions participating in the statistics rankings. Career records of players include only those years in which they competed in Division III. Annual individual champions in runs, bases on balls, toughest to strike out and saves were added in 1990, along with annual team champions in home runs, triples, doubles, stolen bases, slugging percentage and double plays. Individual hit by pitch and sacrifice hits were added in 2004. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exist. In these cases, the numerical order of the rankings is accurate.

DIVISION II ALL-AMERICA TEAMS (1969—2004)

From 1969 to 1973, baseball-playing institutions were listed as major college or college division only. In 1974, Divisions II and III were created, but only a Division II all-America team was selected in 1974 and 1975. From 1976 to present, the ABCA selected all-America teams for all three divisions.
