Introduction

During the 2010-11 academic year, the Association will sponsor 88 national championships, of which 41 are for men, 44 are for women, and three are for both men and women. Among the men’s championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 13 are Division III championships. Among the women’s championships, four are National Collegiate Championships, 13 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men’s and women’s championships are National Collegiate Championships.

A championships handbook is produced for each NCAA championship and posted on the NCAA Online Web site (www.ncaa.org).

How to Use This Publication. The handbook is divided into four sections: (1) General Administration; (2) Determination of Competing Institutions; (3) Instructions to Participants; and (4) General Championship Information. The first three sections pertain only to the respective sport, while the fourth deals with NCAA policies applicable to all 88 championships. [Note: Some policies listed in the general section have been revised by individual sports committees. The revision(s) will appear in the sport-specific section of the handbook.]

Each topic included in the handbook is referenced to other applicable areas in the handbook or in the NCAA Manuals, where appropriate. For example, if you wish to know about regional advisory committees, the basic information for that particular sport would be included in an appendix. However, as referenced under the heading “Regional Advisory Committees,” more information concerning general NCAA policy governing regional advisory committees can be found later in the handbook and in the NCAA Manuals.

Second Round—December 4 at on-campus sites

NCAA Championships Policy Related to Sports Wagering. No pre-determined or non-predetermined session of an NCAA championship may be conducted in a state with legal wagering that is based on single-game betting on the outcome of any event (i.e., high school, college or professional) in a sport in which the NCAA conducts a championship.

Site Determination. With regard to first-round, second-round, quarterfinal and semifinal sites, in addition to the criteria listed in Bylaw 31.1.3.2.1, the NCAA Division I Football Committee shall consider the following additional criteria when selecting playoff sites:

a. Prospective host institutions must submit the following minimum financial guarantees, which shall be 75 percent of the estimated net receipts as submitted on the proposed budget:
First round—$30,000
Second round—$30,000
Quarterfinal—$40,000
Semifinal—$50,000
b. If the minimum financial guarantees are met, the committee will award the playoff sites to the top five seeded teams.
c. When determining host institutions for playoff games when both teams are unseeded, criteria shall apply as follows: (1) quality of facility, (2) revenue potential plus estimated net receipts, (3) attendance history and potential, (4) team’s performance (e.g., conference place finish, head-to-head results and number of Division I opponents), and (5) student-athlete well-being (e.g., travel, missed class time).
d. If a second-round, quarterfinal or semifinal playoff site is not available due to the fact the institutions involved did not submit a proposed budget, the committee will contact the institutions and offer the opportunity to submit a bid at the current round’s minimum financial guarantee level. If seeded teams are not involved, the committee will determine the host institutions by applying the championship site-selection criteria in Bylaw 31.1.3.2.1.
e. If no institution is willing to submit a proposed budget at the current level, the previous round’s minimum financial guarantee will be offered. If seeded teams are not involved, the committee will determine the host institutions by applying the championship site-selection criteria in Bylaw 31.1.3.2.1.
f. The committee will consider previous crowd-control measures and crowd behavior of the prospective host institution.

Determination of Competing Institutions

Championship Structure

The Division I Football Championship provides for a maximum field of 20 teams. Ten member conferences have been granted automatic qualification for the 2010 championship. The remaining ten teams will be selected at large by the Division I football championship committee.

The top five teams in the 20-team bracket for the championship will be seeded. Team pairings will be determined according to geographical proximity, with the exception that teams from the same conference will not be paired in games in which both teams are playing their first game of the championship.

Four first-round games will be conducted on the campus of one of the competing institutions, and the winners will advance to the second round. The second-round features eight games (including the 12 teams that received a first-round bye) on campuses of one of the competing teams. Second-round winners meet in the quarterfinals on the campuses of one of the competing institutions. Quarterfinal winners will advance to the semifinals on the campuses of one of the participating institutions. The winners of the semifinal games will play in the 2011 NCAA Division I Football Championship Game in Frisco, Texas on Friday, January 7, 2011.

[See Appendix A (page 24) for the championship bracket.]

Championship Selection

[Reference: Bylaws 31.01.2, 31.01.3 and 31.3 in the NCAA Manual.]

At-large teams shall be selected by the Division I football committee, assisted by four regional advisory committees that serve in an advisory capacity only.

The following principles shall apply when selecting at-large teams:
1. The committee shall select the best teams available on a national at-large basis to complete the bracket. Per NCAA Bylaw 31, the basic criteria used in the selection of at-large participants are (1) won-lost record, (2) strength-of-schedule, and (3) eligibility and availability of student-athletes for the NCAA championship;
2. There is no limit to the number of teams the committee may select from one conference;
3. The won-lost record of a team will be scrutinized to determine a team’s strength of schedule; however, less than seven Division I wins may place a team in jeopardy of not being selected;
4. The committee may give more consideration to those teams that have played all Division I opponents; and
5. If the team of a committee member is under consideration, the member may not vote for the team being considered and will not be in the room when a vote is taken.
6. For those conferences that qualify for automatic qualification but do not receive it,
The Division I Championships/Sports Management Cabinet policy stipulates that for the Division I Football Championship at least 50 percent of the bracket shall be reserved for at-large selections, and no more than 50 percent of the bracket shall be available for automatic qualification of eligible conferences.

Certification of Eligibility/Availability
[Reference: Certification of Eligibility/Availability in the Division I General Section and Bylaws 3.2.4, 12, 13, 14, 15, 16 and 31.2.1.7 in the NCAA Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. In accordance with Bylaw 3.2.4.3, member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition. Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

For the Division I Football Championship, the championship liaison must be notified before November 2.

Pairings
[Reference: Championship Structure (page 11) in this handbook and Bylaw 31.3 in the NCAA Manual.]

All pairings will be made by the Division I football championship committee. The following principles are applied when pairing teams:

1. Teams deemed by the committee to be the 12 best teams selected to the championship shall receive a first-round bye. The remaining eight teams shall play first-round games and will be paired according to geographic proximity.
2. The teams awarded the top five seeds are placed in the appropriate positions in the bracket (Nos. 1 and 4 in the upper half, and Nos. 2 and 3 in the lower half, and No. 5 in the upper half of the bracket adjacent to the No. 4 seed bracket such that they would be quarterfinal round opponents should they advance);
3. The committee shall determine the seven remaining teams that merit a first-round bye;
4. The committee shall determine the seven remaining teams that merit a first-round bye;
5. The top five seeds are placed in the appropriate positions in the bracket (Nos. 1 and 4 in the upper half, and Nos. 2 and 3 in the lower half, and No. 5 in the upper half of the bracket adjacent to the No. 4 seed bracket such that they would be quarterfinal round opponents should they advance);
6. The committee shall determine the seven remaining teams that merit a first-round bye;
7. The committee shall determine the seven remaining teams that merit a first-round bye;
8. The remaining eight teams will play first-round games and will be paired according to geographic proximity and placed in the bracket according to geographic proximity of the top four seeds previously placed in the bracket;
9. The NCAA mileage threshold for mandatory team travel via ground is 400 miles;
10. Teams from the same conference will not be paired for first-round games or for second-round games when both teams are playing their first games of the championship;
11. Once the first-round pairings have been determined, there will be no adjustments to the bracket (e.g., a top-four seed may play a conference opponent that advanced out of the first round).
Quarterfinal/Semifinal Date Determination Procedure

The quarterfinal and semifinal games during the 2010 Division I Football Championship will be conducted on two different days. One quarterfinal game will occur on Friday, December 10 and three quarterfinal games will occur on Saturday, December 11. One semifinal game will occur Friday evening, December 17, while the other will occur Saturday, December 18.

The quarterfinal and semifinal schedules will be determined by the Division I Football Championship Committee on the Sunday following the preceding round. Prospective hosts should note these date possibilities in their facility evaluation forms and when developing their proposed budgets.

Instructions to Participants

Access

NCAA game representatives assigned to each championship site will have NCAA-produced all-access passes (credentials) that must be honored at each site. Pass designs will be forwarded to the host prior to the event for their informational purposes.

Arrival Times at Playoff Sites

Participating institutions in first-round, second-round, quarterfinal and semifinal games shall arrive not later than the established practice time the day before competition.

Teams participating in the national championship game shall arrive on Tuesday evening. However, the institutional representative shall arrive at the site not later than noon Tuesday.

Audio Coverage (Radio and Internet)

Please refer to the NCAA Broadcast Manual policies and guidelines that can be found at the NCAA Web site at www.ncaa.com/broadcast.

Awards

[Reference: Awards in the Division I General Section and Bylaw 31.1.12 in the NCAA Manual.]

The national champion will receive a team trophy and 80 national champion watches. Team trophies and 80 individual awards will be awarded to both semifinalists and the second-place team. Participation awards will be provided to all student-athletes competing or in uniform in the preliminary rounds of the championship. These awards will be sent to the institution’s director of athletics after the competition.

Balls

The Wilson F1001, F1003, F1004 and F1005 footballs are the official balls for the championship and will be used in all rounds of competition. Institutions will be allowed to choose the model of Wilson football they wish to use while on offense throughout the championship.

Wilson will make the necessary preliminary arrangements to ensure that six footballs of the correct model are shipped to each participating institution for the first-round, second-round, quarterfinals, semifinals and the 2011 NCAA Division I Football Championship Game.

Additional championship game balls will also available at the championship site in Frisco.

Banners

All commercial identification within the competition area must be covered, unless such coverage is precluded by preexisting contracts as detailed in the NCAA Championships
General Information Handbook. Any signage promoting alcohol, tobacco or gambling must also be covered, regardless of preexisting contracts.

Banquets
Banquets may be held in conjunction with the playoff competition if agreeable with both teams. If a banquet is held, both participating teams must attend. The host institution or sponsoring agency will determine whether the banquet will be open to the public. Each finalist will receive 145 tickets for the banquet at the championship final.

Cheerleaders, Mascots and Bands
Cheerleaders and/or pompon team members, not to exceed 12 in number, plus the mascot shall be admitted, if in uniform, via the gate list furnished to the host institution by the competing institution’s director of athletics; all other institutional representatives will be admitted only upon presentation of a ticket. A maximum of 12 cheerleaders and/or pompon team members, along with one cheerleader coach, shall be allowed on the field during the progress of the game. The cheerleaders shall perform within an area designated by the tournament manager.

All cheerleading squads must conform to the guidelines set by the American Association of Cheerleader Coaches and Advisors (AACCA). Neither the NCAA nor the host institution shall be responsible for supervising or monitoring routines performed by cheerleaders at championship events. Except as noted in this section, supervision of cheerleading squads and their activities, yells and stunts is solely the participating institution’s responsibility. The participating institution shall ensure that the squad has sufficient training, supervision and equipment for any and all routines its squad may choose to perform. Tournament managers must inform participating institutions if the host facility has more stringent requirements. If so, the director of athletics at each institution must apprise his or her cheerleading squad of such requirements and ensure compliance.

Band members who are in uniform and performing at the championship will not be charged admission to the competition. Bands, or any component thereof, are allowed to play during time-outs, halftime, and before and after the competition. Bands are not allowed to play during the game, once the ball is spotted and the umpire backs away from the ball.

Host institutions must make space available for the visiting team band, upon request.

Commercial Logos
Teams are not permitted to have commercial logos (e.g., Gatorade, Powerade) on the sideline towels, cups, etc., during games of the championship. Visiting teams must bring their own such towels.

Concussions
The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Participating institutions shall follow their concussion management plan while participating in NCAA Championships. If a participating team lacks appropriate medical staff to activate their concussion management plan, the host championship concussion management plan will be activated as noted in the medical arrangements section of the general section of the Championship Handbook.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletic activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the physician or the physician’s designee from the student-athletes institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance as outlined in the medical arrangements section of the general section of the Championship Handbook.

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an “impulsive” force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage, and even death.

For further details please refer to the “NCAA Sports Medicine Handbook Guideline on Concussions” online at www.NCAA.org/health-safety.

Credentials
Violation of NCAA championship credential policies by individuals from participating teams may be subject to championship misconduct.

Crowd Control
Access to the competition area shall be limited to participating student-athletes, coaches, officials, support personnel and properly-credentialed individuals only. For the safety of participants and spectators alike, at no time before, during or after a contest shall spectators be permitted to enter the competition area. It is the responsibility of each participating institution to implement procedures to ensure compliance with this policy.

1. Game Stoppages. In the event that a large number of spectators enter the competition area (e.g., playing field, sidelines, end zone areas) during a game, the Referee should be instructed to do the following:
   a. Get both coaches together at midfield and let them know that the game is being suspended until the sidelines were cleared of everyone not authorized to be there.
   b. Get the officiating crew together with two or three security people.
   c. Announce via public address system that the game is being suspended until the sidelines are cleared of all unauthorized individuals.
   d. If necessary, take the officiating crew with appropriate security personnel to a safe location.
   e. If the sidelines are not cleared within a reasonable period of time then the Referee may declare that the game is over.

2. Hosting Opportunities. An institution failing to keep its spectators and other unauthorized personnel out of the competition area before, during or after a contest during any round of the championship may, as determined by the football committee,
be prohibited from serving as a host for the subsequent round of championship (including the following year in which the institution participates in the championship if the incident occurs during a semifinal or final).

**Drug Testing**

[Reference: Bylaw 31.2.3.4 NCAA Banned-Drug Classes 2010-11; NCAA Drug-Testing Program 2010-11 booklet and www.ncaa.org/drugtesting]

All student-athletes are subject to NCAA drug testing at all NCAA championships or in conjunction with all postseason certified events. The goal of the drug-testing program is to provide safe, fair and equitable competition as well as to protect the health and safety of all NCAA student-athletes participating in NCAA championships and postseason certified events.

The drug-testing program involves collecting urine specimens from student-athletes at various times throughout an NCAA championship. Student-athletes may be selected for drug testing based on their place of finish, playing time and/or an approved random selection method. A student-athlete may be selected for drug testing on more than one occasion during the championship event. All urine specimens provided by student-athletes are analyzed by a World Anti-Doping Agency (WADA) accredited laboratory and the results are then reported to the institution’s director of athletics.

The WADA laboratory analyzes each urine specimen for substances and related compounds from a list of banned-drug classes developed by the NCAA Executive Committee. The NCAA Banned-Drug Classes List is comprised of substances that are performance-enhancing and/or potentially harmful to the health and safety of the student-athlete. The 2010-11 list includes drugs in the following classes: stimulants, anabolic agents, diuretics and other urine manipulators, peptide hormones, street drugs, beta blockers and alcohol (rifle only) beta-2 agonists and anti-estrogens. Refer to the 2010-11 Drug-Testing Programs booklet or the NCAA Web site (www.ncaa.org/drugtesting) for the published list of banned drug classes and the procedural guidelines for testing. Athletic administrators are urged to review the NCAA Drug Education and Testing video, the NCAA Banned Drug Classes List as well as the NCAA Drug-Testing Program booklet with all coaches and student-athletes in advance of any NCAA championship or postseason certified event. Student-athletes who test positive as a result of a drug test administered by the NCAA or who breach the NCAA in advance of any NCAA championship or postseason certified event. Student-athletes who as well as the NCAA Drug-Testing Program booklet with all coaches and student-athletes and other urine manipulators, peptide hormones, street drugs, beta blockers and alcohol (rifle only) beta-2 agonists and anti-estrogens. Refer to the 2010-11 Drug-Testing Programs booklet or the NCAA Web site (www.ncaa.org/drugtesting) for the published list of banned drug classes and the procedural guidelines for testing. Athletic administrators are urged to review the NCAA Drug Education and Testing video, the NCAA Banned Drug Classes List as well as the NCAA Drug-Testing Program booklet with all coaches and student-athletes in advance of any NCAA championship or postseason certified event. Student-athletes who test positive as a result of a drug test administered by the NCAA or who breach the NCAA drug-testing program protocol shall lose one year of eligibility and shall be charged with the loss of a minimum of one season of competition in all sports.

Additional information regarding the NCAA’s championship drug-testing program can be found at www.ncaa.org/drugtesting.

When the requirements listed below are met, the host institution/conference will receive a 20 percent commission fee for providing these services. The 20 percent commission fee will be from net sales, which is defined as gross sales minus taxes and credit card fees. The following is a list of the requirements that must be met to qualify for the 20 percent commission fee:

   a. Receiving inventory and accounting upon arrival of merchandise from Event 1, Inc.
   b. Immediate notification (within 24 hours of receipt) to Event 1, Inc. of any discrepancies in initial inventory counts. Non-notification will represent host or vendor acceptance of initial inventory provided by Event 1, Inc.
   c. Total management, control, and accountability of the merchandise. If goods are lost, stolen or damaged, those goods are the responsibility of the host institution/ conference or vendor.
   d. At the conclusion of the event, everything sent must be returned to Event 1 within two days of the conclusion of the event.
   e. An appropriate number of selling locations and sellers throughout the facility in order to meet the demands of the projected crowds.
   f. Selling locations that are well displayed and fully stocked prior to the public’s access to them.
   g. Strict adherence to the merchandising and display standards as outlined below:
      - Merchandise made available for sale at all times during the event.
      - Each item neatly displayed with correct prices clearly marked.
      - Neatly dressed personnel that are customer-oriented.
      - Skirted tables for display and checkout.
      - Display boards and grids.
      - Selling locations located in high traffic and easily located locations.
      - Keeping selling areas clean and neat at all times.
      - Re-stocking of back-up inventory in a fast and efficient manner.
      - Calling Event 1, Inc. to request re-orders should sales warrant.
   h. A complete inventory accounting of all merchandise sold with a final inventory count and merchandising report supplied to Event 1, Inc. no later than 24 hours after the conclusion of the event.
   i. Total gross sales revenues and a final copy of the inventory report must be sent to Event 1, Inc. within 7 business days of the conclusion of the event.
   j. The remaining inventory forwarded to Event 1, Inc. or the next event site as determined by Event 1, Inc. within 1 day of the conclusion of the event.

Having met each of the above requirements, Event 1, Inc. will pay to the host
institution/conference, sponsoring agency or its assigned vendor, a commission equal to 20% of sales net of taxes and credit card service fees. The host institutions will keep commissions earned and the remaining money owed to Event 1 must be sent within 7 days of the conclusion of the event.

4. The host institution/conference may not sell or allow for sale any merchandise that infringes upon the exclusive rights of Event 1, Inc.

5. A buy-out option can be made with Event 1/NCAA when the host institution/conference wants to sell merchandise that features the host mark or logo at the NCAA competition. This can only be done when the host institution/conference agrees to purchase the entire product that Event 1 provides. The host institution/conference will receive a 20 percent commission fee of net sales, gross sales minus credit card fees and taxes, on product supplied by Event 1. The host institution or official vendor will provide the NCAA 15 percent of sales (net of taxes and credit card service fees) of all non-NCAA championship merchandise. The quantity of NCAA merchandise available for sale shall not be less than a comparable shipment to a comparable site of the previous year’s championship [NCAA Bylaw 31.6.2-(a)].

6. Should a championship site have a prior contractual relationship with vendors that cannot be waived for NCAA Championship competition, Event 1, Inc., when supplied with written proof of the contract, is required to make the vending opportunity available to the facility’s vendor.

7. The host institution/conference must notify Event 1, Inc. if it has an existing contract that will prohibit Event 1, Inc. from supplying vendors for this event.

Questions relative to merchandising should be directed to Jared Hunt, Event 1, 9700 Commerce Parkway, Lenexa, KS 66219, 913/693-2108, 913/693-2654 fax, jhunt@gearforsports.com or Peter Davis, Assistant Director of Corporate Licensing, at the national office (317/917-6222, ext. 6964; pdavis@ncaa.org).

**Event Merchandise - Pre-Order**

Teams selected to participate in NCAA championships will have the opportunity to pre order first-round event merchandise online through the official NCAA souvenir merchandiser, Event 1, Inc. After selections institutions will be e-mailed instructions for placing orders. All orders will be shipped directly to the institution the week after first-round competition.

Teams advancing to participate in the national championship game will also have the opportunity to pre-order championship game merchandise online through Event 1. After the semifinal round the advancing institutions will be e-mailed instructions for placing orders. All orders will be shipped directly to the institution the week after the finals competition.

Questions regarding the online team ordering process may be directed to Gina Taylor at Event 1 (888/745-3058; gtaylor@gearforsports.com).

**Fan Giveaways**

Items given away to fans inside or in the immediate vicinity of the venue (e.g., hats, pom poms, newspapers) must have prior NCAA approval, for reasons of spectator safety, enjoyment and protection of NCAA corporate relationships.

---

**Field Communication Phones**

It is recommended that visiting teams use the field phones provided by the host institution, and at the minimum, three phones shall be provided—one each for the defensive and offensive coordinators, and one for the head coach to monitor both the defensive and offensive phones. Both teams shall use the same number of phones, which shall be decided during the pre-championship telephone conference. The host institution shall be responsible for all phone repairs.

It is the committee’s policy that if one set of phones is not working during the game, the other phones will be disconnected until the nonworking set has been repaired. The principle is that teams shall have an equal number of phones available during the game.

When a phone becomes inoperable, the coach shall notify the referee, who then shall ensure that the opposing team uses the same number of phones. In addition, the coach shall notify the designated game administration person on the sideline who will contact the telephone repair person. Once the phone(s) has been repaired, the sideline game administration person will notify the sideline person for the other team that the phone(s) is repaired.

Visiting teams may provide their own phones; however, they will be responsible for the installation and maintenance. Further, if the visiting team provides its own phones and they become inoperable, the home team may continue to use its phones. If the visiting team provides its phones, there will be no limit on the number of phones that can be used by each team.

A visiting team may use either the home team’s phone system or its own system, but not both systems.

**Game Time**

The Division I Football Championship Committee has the final authority in determining the start of all games in the championship, including those not being broadcast on national television. Please note that traditional game times may need to be altered to accommodate the broadcast of a game. First-round game times will be set by the NCAA not later than 1 p.m. Eastern time the Monday preceding the game.

**Halftime**

The intermission will be 20 minutes. Eighteen minutes will be allotted for the halftime entertainment, with the understanding that the field must be cleared two minutes before the start of the second half. The time clock for the 18 minutes allotted for halftime entertainment will commence when the teams leave the field. Under no circumstances will the intermission be extended for entertainment.

The sponsoring agency must reserve six minutes of the halftime entertainment time for each competing team’s band. The sponsoring agency will be allowed six minutes for entertainment purposes.

If a competing team’s band is not available, the time reserved for that band may be used by the sponsoring agency. The competing institutions must inform the sponsoring agency not later than noon Wednesday before the game if their bands will be available to perform during the intermission.
Home Team—Championship Game

Once the 20-team bracket has been determined, the NCAA Division I Football Championship Committee will determine by a coin flip as to whether the winner of the upper half or lower half of the bracket will be the home team for the championship game. However, if the host institution is selected to participate in the playoffs and should advance to the championship game, it will be permitted to use its normal dressing room and the home team bench area.

Home Team Environment

It is the expectation of the committee that hosts of any contest during the NCAA Division I Football Championship provide a competitive environment consistent with the significance of the championship event. The championship environment includes the participating teams, crowd, bands, cheerleaders, public address announcer, in-venue audio and video content as well as other individuals, events and elements associated with the contest. While preliminary round competition is held at campus facilities, the environment surrounding the event may need to be notably different from regular season contests within the facility. The following are examples of expectations of the committee from the host institution in this regard:

1. Artificial Elements. Artificial elements (e.g., fireworks, smoke, cannons, artificial sounds/noises, video board productions) used to enhance the experience for participating teams and fans may be used by either team; however, such elements (e.g., mascots, video boards) should not be used to demean the opposing team in any manner or create an unsportsmanlike environment.

2. Artificial Noisemakers. Artificial noisemakers (e.g., thunder sticks, cow bells, air horns) shall not be permitted inside the venue, and such instruments shall be removed from the playing and spectator areas at the request of the NCAA game representative. Bands, or any component thereof, shall not play while the game is in progress (after either team breaks its huddle). See 2010-11 NCAA Division I General Requirements Handbook for additional information.

3. Seating. Host institutions shall adhere to all NCAA championship policies regarding the seating and location of home and visiting fans as well as team bands. It should be understood that the intent of such policies is to provide an atmosphere that helps limit the impact of crowd and band noise in the seating area immediately around the team bench. See other sections regarding seating within this handbook for additional information.

4. Monitoring. The host institution shall designate a person for each sideline to be responsible for ensuring a championship environment for both teams and ensuring that only appropriately credentialed individuals are inside the team bench areas during the contest. Further, the NCAA game representative shall be empowered to address any situation that may not be meeting the intent of expected championship environment.

Information for Prospective Participants

Information supplementing this football handbook will be e-mailed October 27 to the contending teams eligible for selection. Prevailing local arrangements and the responsibilities of the selected teams will be included, as will other pertinent material not included in this football handbook.

Instant Replay

Instant replay will be used at each game of the quarterfinal, semifinals and the 2011 NCAA Division I Football Championship Game. Instant replay equipment will be provided to each semifinal/championship site via DVSport. A comprehensive guide regarding instant replay will be sent to all teams participating in games using instant replay.

Each stadium will be responsible for providing all video/audio cabling and ring-down phone connections from the broadcast truck positions to the replay booth.

Personnel.

1. Replay official. The NCAA and DVSport will secure an individual to serve as replay official for the game. The selected replay official should not have any conflict of interest (perceived or actual) to any team or conference participating in the game they are assigned to work. The NCAA will coordinate air travel, if necessary, and help secure the use of a rental car for the replay official. Rental car expenses will be direct billed to the NCAA (when using Enterprise or National). If neither Enterprise or National is available another rental car agency can be used and the rental car expenses will need to be included on the replay official’s statement of expenses and paid by the host institution.

   The host institution will be responsible for reimbursing the replay official for their game fee ($750), transportation between their home and the game site in their personal automobile ($.50 per mile, if the official did not fly) and per diem ($45 per day).

   Once the replay official arrives on site they should complete an NCAA expense form for the expenses listed above and return it to the host institution tournament manager.

   The host institution should also secure and be direct billed for lodging for this individual for up to two nights.

   The host institution should reflect these expenses on their financial report after the event as Unbudgetted Disbursements.

2. DVSport staff. Two representatives from DVSport will be on-site to manage the technical aspects of the instant replay equipment and work with the replay official in the replay booth during the game as the communicator and technician. These individuals will be responsible for all of their personal expenses (lodging, meals, transportation, etc.). However, the host institution will be responsible for assisting the DVSport personnel in securing hotel lodging during their stay (two to three nights).

3. Sideline assistant. The host institution will secure someone locally to serve as the sideline assistant. The sideline assistant assists the replay officials in communicating with the on-field officials for the review and discussion of plays, when necessary. The sideline assistant should be paid a $100 fee for their service, which should be paid by the host institution.

   Once the sideline assistant arrives on site they should complete an NCAA expense form for their game fee and return it to the host institution tournament manager.

   The host institution should reflect these expenses on their financial report after the event as Unbudgetted Disbursements.

Space and Power Requirements.
Dedicated “private” space in the press box or suite level to accommodate no less than four people is required. This “private” space should contain the following:
1. An unobstructed view of the playing field.
2. Adequate counter space (at least 10 feet long and two feet deep) in the front of the box.
3. At least two dedicated power sources with a minimum of four power outlets.
4. Enough power to accommodate a power consumption of 520 Watts/110 Volts = 4.73 amps.
5. Separated from any other activity (media, fans, etc.).

A representative from DV Sports will be present at the mandatory pregame meeting to answer any questions.

**Lodging**

The host institution or sponsoring agency shall make local reservations for the competing teams and advise them of the arrangements. Each competing institution is obligated to confirm or cancel the accommodations. Tentative hotel arrangements have been made for the finalists.

An institution is not obligated to stay at the designated property; however, it is responsible for canceling its reservations and then securing its own accommodations.

**Logos**

An institution’s official uniform and all other items of apparel (e.g., socks, headbands, wristbands, visors or hats, and towels) that are worn by student-athletes in competition may bear only a single manufacturer’s or distributor’s normal trademark, not to exceed 2-1/4 square inches, including any additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square, parallelogram).

In addition, an institution’s official uniform cannot bear a design element similar to the manufacturer’s that is in addition to another logo or that is contrary to the size restriction.

A student-athlete representing an institution in intercollegiate competition is limited to wearing apparel items that include only the logo (not to exceed 2 1/4 square inches) of an apparel manufacturer or distributor. The student-athlete may not wear any apparel that identifies any entity other than the student-athlete’s institution.

The logo restriction on student-athletes’ apparel set forth in Bylaw 12.5.4 shall apply during NCAA championships to all personnel (e.g., coaches, trainers, managers) who are on the team bench for practices and games or who participate in news conferences. Please note that those contracts between institutions and apparel manufacturers or distributors that include logo specifications may be honored, provided such contracts were in effect before August 11, 1998. Also, the logo restriction on student-athletes’ apparel set forth in Bylaw 12.5.4 shall apply to commercial logos on uniforms worn by band members, cheerleaders, dance team members and the institution’s mascot during NCAA championships events.

These restrictions apply to all apparel worn by student-athletes during the conduct of competition, which includes any pregame or postgame activities.

This bylaw will be strictly enforced at all NCAA championships, and the names of individuals and institutions that are not in compliance with this bylaw shall be forwarded to the NCAA enforcement staff.

**Media Arrangements**

**Press Credential Criteria.** A “press agency” for purposes of these press criteria shall mean an authorized representative of a single daily, weekly or monthly publication, cable system, radio or television station, or network. More than one representative per “press agency” may be authorized by the media coordinator.

Subject to limitations of space, media credentials shall be assigned in accordance with the following priorities:

1. Two individuals, certified by the director of athletics and/or sports information director of each participating institution, who will represent all campus-related publications and departments.
2. A press agency in the geographical area and/or locale of a participating institution that has staffed its games on a regular basis throughout the season.
3. The designated representative of a national television network, cable system, or radio network, or a radio station that originates a daily “sports talk” program, and daily circulation newspapers that do not otherwise meet the aforementioned criteria.
4. Space permitting, representatives of other weekly, specialty or college newspapers of the host or participating teams, or magazines, telephone reporting services, AM/FM radio or public/commercial television stations.

NCAA policy prohibits the issuance of press credentials to representatives of any organization that regularly publishes or otherwise promotes the advertising of “tou sheets” or “tip sheets” or other advertising designed to encourage gambling on collegiate sports events.

**Photography Credentials.** Sports editors or directors shall request all photography credentials. Subject to limitations of space, photography credentials to the championship shall be assigned in accordance with the following priorities:

1. One photographer, certified by the director of athletics and/or the sports information director of each participating institution, who will represent all campus-related publications and departments.
2. A press agency or television station from the locale of a participating institution that regularly has staffed its games throughout the season.
3. The designated representative of a national television network, cable system, or radio station that originates daily sports news programs.

Any photographer approved to work on the field must secure a proper credential from the media coordinator.

Photographers working on the sidelines are restricted to behind the “limit lines” all around the playing field. No photographers are permitted in the “team areas,” which are behind the limit lines between the 25-yard lines. No media personnel or their equipment shall be in the team areas, and no media personnel may communicate in any way with persons in the team areas. Photographers may not place tripods on or beside the playing field nor attach strobes to goal posts.

**Interview Policies.** Interviews will be conducted before and after all championship games.
[See the press conference schedule under Important Dates (page 6).]

All coaches and student-athletes will be available for interviews.

After any game, selected student-athletes may be required to register for drug testing. Student-athletes cannot delay drug-testing registration unless requested to grant a short interview (not to exceed four minutes) by the television entity that has purchased rights to the contest. After the drug-testing registration procedure, each student-athlete will be available for interviews for up to one hour before he must report to the drug-testing facility. No interviews may take place with the student-athletes during the 10-minute cooling-off period or during registration for drug testing.

The coach shall designate a minimum of two starters to report to the interview area immediately after the dressing room opens. The media coordinator also may request the coach to include additional student-athletes to join the group in the interview room should the student-athletes’ performance merit it.

The media coordination representative shall escort the sports information director, the coach and a minimum of two starting student-athletes to the interview area after the 10-minute cooling-off period.

All dressing rooms shall be open to the media after the 10-minute cooling-off period, which begins when the coach enters the dressing room immediately after the game. The coach must proceed directly to the dressing room after the game unless requested to remain for a short television interview (not to exceed four minutes). The dressing room shall be open to the media for up to one hour after the 10-minute cooling-off period has expired.

The pre-championship press conference format specifies that the visiting team coach and student-athletes be scheduled in the interview room before the home team coach and student-athletes. The interviews with the visiting team coach and student-athletes generally will not exceed 20 minutes. The visiting team shall be interviewed first during postgame press conferences in the preliminary rounds. During the championship game, however, the postgame press conference format will be such that the losing team coach and student-athletes will be interviewed first, followed by the winning team coach and student-athletes.

Regardless of any personal regular-season radio and/or television contracts, the coach first is obligated to the entire press staffing the championship and must report to the interview room immediately after the 10-minute cooling-off period expires. The coach cannot delay a postgame interview with the covering press to conduct a program for a single newspaper, radio or television reporter unless requested to grant a short television interview (not to exceed four minutes) by the entity that has purchased rights. After fulfilling this commitment to the press staffing the championship game, the coach may participate in special interviews.

Coaches shall not become available to selected media representatives before the conclusion of the 10-minute cooling-off period. They may, however, report immediately to the interview room and make themselves available to all media representatives staffing the championship. Should a coach permit one media representative to enter the dressing room before the 10-minute cooling-off period has expired, the dressing room shall be open to all other media representatives desiring access to the area.

**Microphones.** The placement of microphones on a team coach, in team huddles, or in the team areas is prohibited at all NCAA championships.

**Meetings**

[Reference: Misconduct in the Division I General Section and Bylaws 31.02.3 and 31.1.10 in the NCAA Manual.]

A meeting of the head coaches, directors of athletics, athletic trainers and sports information directors of the competing teams, with the game officials and representatives from the sponsoring agency, the Division I football championship committee and the NCAA national office, will be held the night before the first-round, second-round, quarterfinal and semifinal games, and at a predetermined time for the final championship game. The pregame meeting will include information on the provisions of Bylaw 31.1.10, which prescribes conditions under which a student-athlete or representative of an institution may be disqualified from further participation in the championship(s) for reasons of misconduct. It is mandatory that all representatives as specified above attend the meeting to review all game arrangements. It is recommended that the meeting be conducted at 7 p.m. and be held before any social reception. No alcoholic beverages are to be provided during the meeting.

**News, Media, Press Conferences and Satellite Feeds**

Please refer to the NCAA Broadcast Manual policies and guidelines that can be found at the NCAA Web site at www.ncaa.com/broadcast.

**Official Traveling Party**

[Reference: Per Diem and Transportation in the Division I General Section.]

Transportation expenses and a $120 per diem will be provided for each member of the official traveling party. The size of the official traveling party is 130 persons for the first-round, second-round, quarterfinal and semifinal contests, and 145 persons for the championship game, including a maximum of 60 student-athletes in uniform for preliminary round games and 70 student-athletes in uniform for the championship game.

**Officials**

**Travel/Per Diem.** Travel expenses for the officials will be paid according to the actual mode of transportation, not to exceed jet coach air fare or 50 cents per mile, but not including terminal or other local transportation. Officials who receive approval for air transportation must make flight arrangements through the NCAA travel service, Short’s Travel Management, 866/821-8547.

Hotel expenses (excluding incidentals) for officials required to stay overnight at the championship site shall be paid by the host institution and later reimbursed by the NCAA. Officials will receive a $45 per diem for meals and incidentals for each day of the championship, beginning with the day of arrival and ending with the day of departure. Officials not required to remain overnight at the site also shall receive a per diem of $45.

**Policies.** A sports committee or games committee may not require membership in any specific officials’ association as a prerequisite for selection to officiate in an NCAA meet or tournament. Officials shall be selected and assigned by the sports committee or games committee, which shall ensure that officials adhere to the Association’s policies relating to gambling activities and drug and alcohol use. Furthermore, officials must conduct themselves in a manner befitting intercollegiate athletics. Failure to do so may result in termination of the officiating assignment.
The seven game officials for all games will be selected by the Division I football championship committee from Division I Football Championship Subdivision conferences. The committee will use the following criteria when assigning officials: (1) Officials must be neutral and games between two institutions from the same conference must be officiated by an officiating crew from another conference; (2) proximity of officials to the playoff site; and (3) frequency of assignments. The officials will receive $450 each per game, plus travel expenses, including air transportation, if necessary.

**Officials Selection Criteria.** Before championship selections, conferences must submit a roster of their top two officiating crews. Crews will be selected to work various rounds of the championship based on the following criteria:

1. Only officiating crews from the eight automatic conferences will be considered to work a game during any round of the championship.
2. Only the top two officiating crews, as designated by each conference, will be considered to work a game during the preliminary rounds of the championship.
3. For rounds of championship competition during which instant replay will be used (e.g., semifinals, championship game), a Referee’s experience with instant replay will be considered by the committee in determining officiating crew assignments.
4. Only the top officiating crew, as designated by each conference, will be considered to work the championship game. Assignments for the championship game will be rotated among conferences annually, however, the committee will determine each year which conference’s officials will work the championship game.
5. Conference offices shall submit their two officiating crews to the NCAA by the end of the day on the Saturday preceding the championship selection announcement (i.e., by 11:59 p.m. Saturday, November 20, 2010). Once the crews have been approved and conferences assigned to work specific championship games, the conference office may determine which of the two crews works that particular championship game. All assignments are subject to NCAA review and approval.

If the game is to be televisé, a television time out coordinator will be selected and reimbursed by the televising network. If requested the NCAA may provide suggested instant replay officials.

**Per Diem Exception**

[Reference: Per Diem in the Division I General Section.]

For the Division I Football Championship, the Executive Committee has granted an exception to the per-diem policy for championship finalists. Both teams may arrive at the site of the championship game the Tuesday evening before the Friday night game.

**Practice Schedule**

When requested, the host institution or sponsoring agency shall make practice facilities available.

The committee representative, after consultation with the competing coaches, shall establish practice locations and schedules. As a general rule, a limited workout may be conducted on the field of competition the day before the game, unless it is determined by the NCAA representative that such a workout could damage the field.

The second practice session at the site of the championship final must be an open session, and the student-athletes and coaches must be available for interviews one-half hour before or after the practice. The press should be informed when the interviews will be conducted. Participating teams must receive approval from the NCAA to cancel or change the location of team practices.

**Programs**

IMG College will be responsible for all program production including layout and design, advertising, printing, vending and distribution to the championship sites. No competing publications, whether sold or free of charge, are permitted at NCAA events without prior permission of the NCAA and IMG College. The championship host should not include expenses or revenues for programs in the championship budget and/or financial report. All program contents are subject to NCAA approval.

Program Supplements and Update Sheets. Host institutions for single-day/session championship rounds may choose to supplement the program with additional information (e.g., updated statistics or updated game notes) pertaining to the event at its site that day. The cost of producing these supplements will be covered by the host institution and will not be expensed to the NCAA or IMG College, the content must be approved by IMG College prior to the event and the supplements must be distributed inside as a part of the program. The cost of the program cannot be raised as a result of the supplement. Once all programs have been sold, these supplements may be given away or sold at the discretion of the host institution, with all potential revenue for such remaining with the host institution. No advertising of any kind may be sold or placed on the supplements. If supplements are distributed, following the conclusion of the championship event please mail two samples of each update sheet to Mr. King (IMG College, 904 North Broadway, Lexington, Kentucky 40505, ATTN.:Dan King).

If a host institution would like to supplement the program with additional information, or has a question about the update sheets, please contact Matt Briggs at IMG College (859/226-4556; matthew.briggs@imgworld.com).

Promotional Assistance.

The NCAA Championships Online Promotions Web site is a comprehensive tool designed to help hosts create marketing products which will generate awareness and promote ticket sales for the championship. Rather than mailing posters and flyers to hosts, the art is available online. As a host institution, you WILL NOT receive any promotional materials, e.g., posters, flyers and print ads from the national office as in previous years. However, you may; however, customize and download from the Web site all the necessary artwork to promote the championship. Television and radio spots are also available through the promotions Web site.

Each NCAA Championships host promotions/marketing contact and tournament manager will receive an e-mail with the promotional Web site address, username, password and specific promotional budget allocated for the championship you are hosting. Championship Logos. The official NCAA championship logo is provided so that you may assist the NCAA in publicizing the championship. The logo should be used as a part of all materials that are produced to promote the championship. NCAA Championship logos are available online at www.ncaologos.com. Please contact Nathan Arkins at 317/917-6790 to obtain a password or to answer any questions concerning the NCAA logo library.

Signage. Each round of every NCAA championship will receive a shipment of official NCAA signage that helps identify the event as an NCAA championship. The signage includes a quantity of banners displaying NCAA logos in a variety of sizes.

Possible uses of NCAA signage include displaying it at the championship site, especially in the competition area within camera angles, and all related championship functions. Signage should always be displayed during news conferences and banquets.

NCAA-produced signage materials may be reused at other championships. Before discarding materials, please check with an NCAA championship representative. Materials containing NCAA marks and logos may not be sold.

For semifinal-round sites only, the NCAA will provide two 15’ NCAA Football logo field stencils and paint for the 20-yard lines. The stencil and paint will be sent to the facility manager listed on the key contact sheet.

Details regarding specific signage for each round may be found online (http://www.ncaa.org/wps/ncaa?key=/ncaa/ncaa/media+and+events/ncaa+publications/promotion+and+program+materials/ncaa+championships+promotions+playbook/basic+signage).

If you have any questions regarding signage please contact Nathan Arkins (317/917-6790; narkins@ncaa.org).

Publicity and Promotion

[Reference: Media Arrangements (page 16) in this handbook.]

As the season progresses, institutions desiring to participate in the championship and whose records would indicate that they are under consideration for selection, should send promotional material to the NCAA national office and to members of the regional advisory committees (page 9). Included should be an up-to-date roster, cumulative statistics, news releases, brochures and feature material on outstanding student-athletes.

Not later than the Monday before the competition at a site, each participant’s sports information director shall send the host media coordinator a list that includes the names of media representatives from the institution’s geographical area who will staff the event and those individuals requiring hotel rooms. The NCAA will provide a standardized form to each sports information director. A copy of the completed form shall be provided to the media coordinator of that championship session.

Semifinals. On the day before the semifinal games, sports information directors representing the remaining teams shall compile a list of local/area media representatives who have
staffed each of the participant’s NCAA postseason games. The sports information directors shall e-mail J.D. Hamilton, media coordinator, at jhamilton@ncaa.org to identify those individuals eligible for credential certification and to coordinate all local/area media hotel requests for the championship game.

**Final.** The sports information director for each team advancing to the national final shall meet with Mr. Hamilton the Thursday before the national final to discuss responsibilities and the media obligations of the institution’s coach and student-athletes, and to meet with network television personnel.

**Radio**

Please refer to the NCAA Broadcast Manual policies and guidelines that can be found at the NCAA Web site at www.ncaa.com/broadcast.

**Rules**

[Reference: Bylaw 31.1.6 in the NCAA Manual.]

Per NCAA Bylaw 31.1.6, member institutions shall conduct all intercollegiate competition in accordance with the playing rules of the Association in all sports for which the NCAA develops playing rules. For those sports in which the Association follows rules that are developed by other governing bodies and modified by the governing sports committee, the adopted playing rules shall be used. The governing sports committee will not consider any results for selection purposes that are not played in accordance with NCAA rules, or those rules adopted by an outside organization.

NCAA Football Rules and Interpretations will be followed. Questions regarding the interpretation of rules should be addressed to Rogers Redding, secretary-rules editor, NCAA Football Rules Committee, Southeastern Conference, 2201 Richard Arrington Boulevard North, Birmingham, Alabama 35203 (205/458-3000; footballrules@ncaa.org).

**Scouting of Opponents/Videotape Exchange**

All exchanged videotapes will be complete and provide a “wide-angle” view of all 22 student-athletes. Videotapes of any playoff game in the championship may be exchanged. The teams shall exchange videotapes of all games played during the current season for scouting purposes. Videotapes exchanged must be obtained only from the two competing institutions.

No professional scouts shall be allowed in the press box, and no complimentary tickets are to be issued to professional football scouts.

**Sideline Equipment Hydration Program**

The NCAA and Coca-Cola - a Corporate Champion supporting all NCAA championships - will provide drinking cups, water coolers, ice chests, water (squeeze) bottles and cooler carts for select rounds of the championship.

- This equipment shall be used for all championship practices and games.
- If your championship receives squeeze bottles, they should be provided to all student-athletes; competitor squeeze bottles branded with logos and graphics of a Coca-Cola competitor (e.g., Gatorade) brought by teams/student-athletes should not be allowed.
- NCAA and Coca-Cola will provide branded (e.g., Dasani, POWERADE, vitaminwater revive) coolers and ice chests, that should be positioned in all areas, specifically on/near the team benches/sidelines and in practice areas, locker rooms, student-athlete hospitality areas and media areas (when applicable).
- On the sidelines, all product should be consumed out of the NCAA provided water cups or water (squeeze) bottles only.
- The host institution/conference may retain the coolers, ice chests and any remaining product after the competition.

If the NCAA and Coca-Cola do not provide the equipment (as defined above), the host institution may use other items—those items, however, must be absent of any commercial marks (e.g., logos and graphics) or such marks must be covered completely (this includes all courtside, media areas or any other back-of-house areas).

At all final championship sites and select preliminary-round sites, Coca-Cola will provide a bottled water product (e.g., Dasani or smartwater), POWERADE powder, and when applicable, bottled isotonic products (e.g., POWERADE).

- The above referenced products must be made available in any/all areas (e.g., in the locker rooms, in practice areas, student-athlete hospitality areas, etc.).

If a preliminary-round site does not receive Coca-Cola products via the NCAA and Coca-Cola, hosts must still use Coca-Cola products (e.g., Dasani and POWERADE) for all championship practices and games.

Competitors of NCAA Corporate Champion Coca-Cola may NOT provide beverage products (sodas, water, isotonics) for any official NCAA championship event (e.g., student-athlete banquet, committee tent/suite, etc.), even if a competitor to Coca-Cola offers product for free or at a reduced cost.

- The championship budget will cover the purchase of Coca-Cola beverage products that are needed (please use “unbudgeted disbursements” per page 6 of the NCAA Championship Financial Report for this purpose).

**Sideline Heaters**

If necessary, host institutions may provide sideline heaters for both teams. The cost of the heaters can be included as a budgeted expense.

**Sideline Personnel**

Not more than 30 sideline passes per team shall be provided. Only the participants, coaches and those individuals in a working capacity who have performed these duties throughout the regular season shall be allowed on the sidelines. Coaches who will be in the press box during the game shall be included in the allotment of 30 sideline passes.

**Sports Wagering.**

The NCAA championship policy on related to sports wagering is as follows: No predetermined or non-predetermined session of an NCAA championship may be conducted in a state with legal wagering that is based on single-game betting on the outcome of any event (i.e., high school, college or professional) in a sport in which the NCAA conducts a championship.
Squad Size

[Reference: Bylaw 31.1.5 in the NCAA Manual.]

Participating teams are limited to a maximum number of 60 student-athletes in uniform (70 student-athletes for the championship game). Replacements are permitted up to the starting time of the game; after the game begins, no replacements shall be permitted for any reason. An institution that is advised it is in violation of this regulation and does not conform promptly to it automatically shall forfeit the competition. There shall be no inordinate delay of the competition to allow the institution to conform to the rule. A roster form, to be provided by the NCAA national office, shall list the 60 student-athletes (70 for the championship game) and shall be submitted to the NCAA representative during the precompetition meeting.

Starting Times

Starting times shall be established by the host institution, subject to approval of the NCAA.

If lights are not available, it is suggested that no game shall start later than 12:35 p.m. local time and must start not later than 1 p.m. local time.

Statistics

Each participant’s sports information director shall update team and individual statistics after each game, and the statistics shall be reproduced and distributed at the first scheduled press conference before the team’s next competition in the championship.

Strobe Lights

A maximum of three sets of strobe lights may be installed at an indoor stadium, on approval of the Division I football championship committee representatives, for media agencies requiring immediate news coverage under the following priorities:

1. The Associated Press, Reuters and the NCAA. If all agencies request strobe lighting, they shall pool one set.
2. Sports Illustrated.
3. A single pool unit for all other media agencies, installed and administered by USA Today. If USA Today does not use a strobe, the NCAA media coordinator shall coordinate the activity.
4. Should Sports Illustrated, AP, Reuters and USA Today not install strobes, the strobes shall be administered and pooled at the discretion of the NCAA media coordinator.

No single agency may install more than one set of strobes at a site, regardless of the number of units that will be used.

The pool strobe unit is not available to photographers who have been assigned feature profiles for current or future publications (e.g., a photograph of a student-athlete, coach or fan; any book on the sport, the championship, or a student-athlete, coach or fan; or a magazine desiring photographs for the next season’s preview).

Any installed strobe unit may not exceed four clusters of strobe lights producing a maximum of 3,200 watt-seconds at any championship site. All strobes must flash at a duration less than 1/2,000th of a second.

All hanging or installed strobes must be placed as close to the playing surface as possible, depending on the physical structure of the indoor stadium, near the corners of the playing surface. All strobes must be installed and tested at the site 24 hours before the start of the event during which the strobes will be used. The Division I football championship committee representative(s) will grant final approval relative to the installation of strobes.

If the physical structure of a facility prevents a media agency from meeting these specifications, the agency may petition the Division I football championship committee for an exception. This written request and explanation must be submitted to the committee at least two weeks before the event.

No other strobes, including hand-carried units, are permitted in the facility, and no strobe or any other photography equipment may be placed on, or be attached to, a goal standard.

Team Benches

For all playoff contests, the visiting team’s bench (between the 25-yard lines) shall not be placed in front of the home team’s student section or band, unless there is a track around the playing field (or the equivalent distance between the team’s bench and seating area). If the visiting team’s bench is near the home team’s student section, that student-section must begin at least 10 rows back from the front row of the seating area.

Television

Please refer to the NCAA Broadcast Manual policies and guidelines that can be found on

Institutions that wish to broadcast their own institutional public service announcements (PSAs) during nationally televised NCAA championship events must purchase advertising time from the network at its own expense. The NCAA agreement with ESPN does not allow for “comp” or free PSA time for participating institutions. It is recommended that institutions contact ESPN the Monday before their contest by 9 a.m. Eastern time to determine if commercial inventory is available for purchase. Contact Marty Sinacola at 860/766-4007 or marty.sinacola@espn.com.

Tickets
[Reference: Tickets in the Division I General Section and Bylaw 31.1.13 in the NCAA Manual.]

An allotment of tickets will be reserved for the competing institutions. Each competing institution will have access to 500 tickets. Not less than half of the tickets should be located between the 30-yard lines unless undue hardship is caused to season ticket holders, which must be indicated on the ticket manifest. Host institutions must reserve seats behind their opponent’s bench for visiting spectators that shall be located somewhere between the 30-yard lines. Further, the seats allocated for the visiting spectators shall start with the lowest possible row to ensure that no home team spectators are located in front of the visiting spectators. See the “Team Benches” section above for additional information.

The host institution or sponsoring agency will retain 250 of the 500 tickets, and the competing institutions will be advised that they are available, if needed. Additional tickets may be purchased, but the seat locations will not be guaranteed.

Each institution shall return all money and unsold tickets, and inform the host institution or sponsoring agency of the number it will require from the 250 tickets being retained, not later than 6 p.m. Thursday before the game. If the tickets are not returned to the host institution or sponsoring agency by this time, the institution shall be responsible for all unreturned tickets at face value. Once the competing institutions release the tickets being retained, the host institution or sponsoring agency will use them for public sale.

The minimum ticket prices shall be $10 for reserved seating and $6 for general admission. A $5 student general admission ticket, with student identification card, is permissible for grade school, high-school and college students for first-round, quarterfinal and semifinal games. All playoff tickets, however, shall not be less than the regular-season ticket prices.

Ticket details for the championship game is included in the participants manual.

Tied Games
If the score of a game is tied after four quarters of play, the NCAA tiebreaker shall be used and administered by the chair of the committee or a designated representative.
[See Appendix E (pages 28-29) for an explanation of the tiebreaker procedure.]

Transportation
Please refer to NCAA travel policies for all information regarding transportation and per diem expenses. Travel policies can be found online at www.ncaa.org/financial/travelforms. html and in the Division I General Section championship handbook.

Uniforms
[Reference: Bylaw 12.5.4 in the NCAA Manual.]

The host institution team will be the home team and will wear dark jerseys in the first-round, second-round, quarterfinal and semifinal contests. The visiting team will wear white jerseys. At the final, the home team will be decided by a coin flip. In all cases, the visiting team will be introduced first and will take the field first.

The logo restriction on student-athletes’ apparel set forth in Bylaw 12.5.4 shall apply during NCAA championships to all personnel (e.g., coaches, trainers, managers) who are in the team area for practices and games, or who participate in news conferences. Please note that those contracts between institutions and apparel manufacturers or distributors that include logo specifications may be honored, provided such contracts were in effect before August 11, 1998. Also, the logo restriction on student-athletes’ apparel set forth in Bylaw 12.5.4 shall apply to commercial logos on uniforms worn by band members, cheerleaders, dance team members and the institution’s mascot during NCAA championships events.

Videotapes, Films and Still Photographs
[Reference: Bylaw 31.6.4.3 in the NCAA Manual.]

Institutions are permitted to videotape championship competition by their teams or their individual student-athletes for archival, coaching or instructional purposes. Each institution is permitted to use two cameras and may videotape only the portion of the playoffs in which it participates. The videotapes may not be used for any commercial purposes. An institutional representative shall contact the event coordinator at the host site to arrange for camera space.

Each participating team is permitted to staff its respective games with a single camera crew (videotape or film). Each institution may designate one videographer to be present during competition for purposes of capturing video of the institutions participation in the event for the sole use of the institution (i.e., not to be released for commercial purposes). The location and operations of the videographer shall be determined by the NCAA and the football championship committee.

If a participating institution chooses not to film or videotape its own game, it may make other arrangements with the host institution or competing teams.

Tiebreaker Procedure

Following is the NCAA tiebreaker system to be used when a game is tied after four periods. These rules consist only of exceptions, with examples, to the regular-period rules.

a. Immediately after the conclusion of the fourth quarter, officials will instruct both teams to retire to their respective team areas. The officials will assemble at the 50-yard line and review the tiebreaker procedures.

b. The officials will escort the captains to the center of the field for the coin toss. The winner of the toss shall choose one of the following options:
   1. Offense or defense, with the offense at the opponent’s 25-yard line to start the first series.
   2. Which end of the field shall be used for both series of that overtime period.

   Note: The winner of the toss may not defer his choice.

c. The loser of the toss shall exercise the remaining option for the first extra period and shall have the first choice of the two options for subsequent even-numbered extra periods.

d. Extra periods: An extra period shall consist of two series with each team putting the ball in play by a snap on or between the in-bounds lines on the designated 25-yard line, which becomes the opponent’s 25-yard line. The snap shall be from midway between the in-bounds lines on the 25-yard line, unless a different position on or between the in-bounds lines is selected before the ready-for-play signal. After the ready-for-play signal, the ball may be relocated after a charged team time-out, unless preceded by a Team A foul or offsetting penalties.

e. Team series: Each team retains the ball during a series until it scores or fails to make a first down. The ball remains alive after a change of team possession until it is declared dead. However, Team A may not have a first and 10 if it again possesses the ball after a change of team possession.

Team A and B designations are the same as defined in Rule 2-27-1 of NCAA Football Rules and Interpretations.

EXAMPLES:

1. After each team has put the ball in play by snap at the beginning of its series, the score is tied or there has been no score. RULING: Begin the second extra period with the loser of the toss at the beginning of the first extra period having the choice of the two options.

2. Other than on the try, Team B intercepts a pass or fumble for a touchdown or recovers a fumble or a backward pass and scores a touchdown. RULING: Period and game are ended, and Team B is the winner.

3. During the first series of a period, Team B intercepts a pass or fumble or recovers a fumble or a backward pass and does not score a touchdown. RULING: Team A series ended and Team B, which becomes Team A, starts its series of that period.

4. During the first series of a period, Team A attempts a field goal and the kick is blocked. Team A recovers the kick, which never was beyond the neutral zone, and
runs for a touchdown. RULING: Six points for Team A, and Team B begins its series of the period after the try.
5. Team A attempts a field goal and the kick is blocked. Team A recovers the kick, which never was beyond the neutral zone, and runs for a first down. RULING: Team A’s ball, first and 10.
6. Team A attempts a field goal on first, second or third down, and the kick is blocked. Team A recovers the kick, which never crossed the neutral zone, and does not gain a first down. RULING: Team A’s ball, next down.
7. Team A attempts a field goal and the kick is blocked. Team B recovers the kick and runs it into Team A’s end zone. RULING: Touchdown, game is ended.
8. During the first series of a period, Team B—after gaining possession—loses possession to Team A, which scores a touchdown. RULING: The score counts, and Team B begins its series of the period after the try.
9. During the first series of a period, Team B—after gaining possession—loses possession to Team A, which fails to score a touchdown. RULING: Team A’s series is ended, and Team B begins its series of that period.
10. During the first series of a period, Team A fumbles into Team B’s end zone on second down of a series. Team B recovers and downs the ball in its end zone. RULING: Team A’s series of that period is ended. Team B series of the period begins.
11. During the first series of a period, B10 intercepts a forward pass on his three-yard line and downs the ball in his end zone (no momentum involved). RULING: Score two points for Team A. Team A’s series is over. Team B will put the ball in play, first and 10 on the 25-yard line at the same end of the field.
12. Team A’s field-goal attempt is untouched beyond the neutral zone until it is muffed by B17 at the five-yard line. A75 recovers at the three-yard line. RULING: First down for Team A at the three-yard line.

f. Scoring: The team scoring the greater number of points during the regulation and extra periods shall be declared the winner. There shall be an equal number of series, as defined in (e) above, in each extra period, except if Team B scores during a period other than on the try. Beginning with the third extra period, teams scoring a touchdown must attempt a two-point try. A one-point try by Team A (although not illegal) will not score a point.
EXAMPLES:
1. On the first possession of a period, Team A scores a touchdown. On the try, Team B intercepts a pass and returns it for a two-point touchdown. RULING: Team B is awarded the ball on the 25-yard line to start its series of the period with the overtime score 6-2.
2. If a touchdown is scored that determines the winning team in an extra period, the try is canceled.

g. Fouls after Team B possession:
1. Distance penalties by either team are declined by rule in extra periods (Exceptions: Dead-ball fouls and live-ball fouls penalized as dead-ball fouls).
2. Scores by fouling teams are canceled.

h. Timeouts: Each team shall be allowed one time-out for each extra period. Timeouts not used during the regulation periods may not be carried over into the extra period(s). Unused extra-period timeouts may not be carried over to other extra periods. Timeouts between periods shall be charged to the succeeding period.
