Introduction

During the 2009-10 academic year, the Association will sponsor 88 national championships, of which 41 are for men, 44 are for women, and three are for both men and women. Among the men's championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 13 are Division III championships. Among the women's championships, four are National Collegiate Championships, 13 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men's and women's championships are National Collegiate Championships.

A championships handbook is produced for each NCAA championship and posted on the NCAA Online Web site (www.ncaa.org).

How to Use This Publication. The handbook is divided into four sections: (1) General Administration; (2) Determination of Competing Institutions; (3) Instructions to Participants; and (4) General Championship Information. The first three sections pertain only to the respective sport, while the fourth deals with NCAA policies applicable to all 88 championships. [Note: Some policies listed in the general section have been revised by individual sports committees. The revision(s) will appear in the sport-specific section of the handbook.]

Each topic included in the handbook is referenced to other applicable areas in the handbook or in the NCAA Manuals, where appropriate. For example, if you wish to know about regional advisory committees, the basic information for that particular sport would be included in an appendix. However, as referenced under the heading "Regional Advisory Committees," more information concerning general NCAA policy governing regional advisory committees can be found later in the handbook and in the NCAA Manuals.

General Administration

Dates and Sites

[Reference: Bylaw 31.1.3 in the NCAA Division I Manual.]

General Requirements. The Division I Men's Soccer Committee shall approve the dates and game times of all preliminary-round games according to the chart listed below (the committee must approve any deviation from these times in advance):

Midweek (1st Round)	Thursday	Between Noon and 7:30 p.m.
1st Weekend (2nd Round)	Sunday	Between Noon and 7:30 p.m.
2nd Weekend (3rd Round)	Sunday	Between Noon and 7:30 p.m.
3rd Weekend (Quarterfinals)	Friday	Between 6 and 7:30 p.m.
	Saturday	Between Noon and 7:30 p.m.
	Sunday	Between Noon and 1 p.m.

If there is a quarterfinal date change and/or change to a starting time that an institution submitted with its bid, then the recommended change must be communicated to D'Ann Keller at the NCAA national office no later than 72 hours before each round of the NCAA championship.

A competing institution that cannot charge admission at its home facility, cannot establish a barrier to separate the spectators from the field of play or that does not have a field that meets minimum size requirements (70 yards x 110 yards) may not serve as host. Preference will be given to grass fields 70 yards x 115 yards and larger. Institutions serving as hosts for preliminary-round games or the semifinals and final must charge admission.

All rounds of the championship, except the Men's College Cup, will be conducted on the campus of one of the participating institutions.

An evaluation will be made of institutional facilities to determine if they are acceptable for championship play. Selection of host sites will be based partly on the quality of the playing facility. A facility evaluation form will be made available on the NCAA Web site to the directors of athletics of all institutions and will be one of the tools used in making this determination. Institutions interested in hosting are to return the form by the indicated deadline to the NCAA national office. Institutions submitting proposed budgets for preliminary rounds must have played the majority of their home games at the site listed on the facility evaluation form. Institutions with inadequate playing surfaces (e.g., inadequate artificial surface, minimum dimensions, etc.) may request a waiver of the policy.

Site Selection. For the Division I men's championship, the site selection criteria are as follows (see Appendixes G and H):

60 percent	Committee ranking
40 percent	(1) Facility—
	Quality of field surface (60 percent)
	Evaluation of facility (30 percent)
	Game management (10 percent)

Note: For preliminary-round sites, a team in the top 16 will automatically be selected as a site, unless the institution did not submit a bid to host. If a game involves two seeded teams, the higher seed will host, unless the institution did not submit a bid to host.

If the field is unplayable, the host will have the opportunity to find a suitable alternate site. The criteria for an alternate site would be for the field to have a minimum dimension of 70x110 yards, and the field must be deemed playable by the games committee and approved by the NCAA Division I Men's Soccer Committee.

Championships Policy Related to Sports Wagering

[Reference: Bylaw 31.4 in the NCAA Division I Manual.]

Determination of Competing Institutions

Championship Structure

The men's soccer championship provides for a 48-team, single-elimination tournament. Twenty-one conferences will receive automatic qualification. The remaining 27 teams will be selected on an at-large basis. The committee will identify the top 16 teams and seed them in the bracket. The remaining 32 teams will be paired according to geographical proximity with each other.

A championship bracket is located in Appendix A.

Automatic Qualifiers

[Reference: Bylaws 31.3.4 and 31.3.5 in the NCAA Division I Manual.]

Conferences granted automatic qualification for the 2009 championship are:

America East Conference	Ivy Group
Atlantic Coast Conference	Metro Atlantic Athletic Conference
Atlantic Sun Conference	Missouri Valley Conference
Atlantic 10 Conference	Mountain Pacific Sports Federation
Big East Conference	Northeast Conference
Big South Conference	Pacific-10 Conference
Big Ten Conference	Patriot League
Big West Conference	Southern Conference
Colonial Athletic Association	The Summit League
Conference USA	West Coast Conference
Horizon League	

Championship Selection

[Reference: Bylaws 31.01.2, 31.01.3 and 31.3.3 in the NCAA Division I Manual.]

Teams for the men's soccer championship shall be selected by the NCAA Division I Men's Soccer Committee. The committee has 10 members. Eight of the 10 committee members serve as chairs of the advisory committees in their respective regions. The other two members serve on an at-large basis.

The committee will conduct an in-person selection meeting. Insofar as possible, all selections will be made by November 16 and will be distributed to institutions.

Selection Requirements. To be considered for the at-large selection process, a team must have an overall won-lost record of .500 or better.

Countable Competition. For NCAA team-championship selection purposes, competition is countable only when the teams played are varsity intercollegiate teams of four-year, degree-granting institutions that conduct a majority of their competition in that team sport against varsity intercollegiate teams (see Constitution 3.2.4.5) of

United States four-year, degree-granting institutions. Competition against service teams, professional teams, semiprofessional teams, amateur teams, two-year colleges and club teams shall be excluded.

It should be noted that a team will not be penalized for the first non-Division I game on a team's schedule, but any subsequent non-Division I games will receive the maximum penalty points. All games, however, are reported in an institution's won-lost-tied record.

Selection Criteria. The following criteria shall be employed by a governing sports committee in selecting participants for NCAA championships competition:

- Won-lost record;
- Strength of schedule; and
- Eligibility and availability of student-athletes for NCAA championships.

In addition to Bylaw 31.3.3, the men's soccer committee has received approval from the Division I Championships/Sports Management Cabinet to consider the following criteria in the selection of at-large teams for the men's soccer championship (not necessarily in priority order):

Primary Criteria.

- Adjusted Rating Percentage Index (RPI), which includes:
 1. Won-lost record (25 percent).
 2. Opponents' strength of schedule (50 percent).
 3. Opponents' opponents' strength of schedule (25 percent).
 4. Bonus/penalty system. (See Appendix J).
- Head-to-head competition.
- Results versus common opponents.
- Strength and results against nonconference opponents.

Secondary Factors. If the evaluation of the primary criteria does not result in a decision by the committee, then the secondary criteria will be reviewed.

- Results against teams already selected (including automatic qualifiers with an RPI of 1-75).
- Late-season performance in last eight games (strength and results).

Recommendations provided by regional advisory committees shall also be considered by the men's soccer committee. Coaches' polls and/or any other outside polls or rankings are not used as a selection criterion by the men's soccer committee for selection purposes.

Score Reporting Form. So that all members of the regional advisory committees (see Appendix I) will have complete information on each team in their region, it is imperative that each institution interested in postseason competition inform the appropriate regional advisory committee of the results of each regular-season game. For this purpose, the NCAA Men's Soccer Score Reporting Form is available through an online reporting system on the NCAA Web site (<http://web1.ncaa.org/champsel/exec/login>). A complete game schedule shall be entered by September 11. Weekly game results automatically will be updated via an XML transfer from reports provided to the NCAA statistics group by conference offices.

All games played on an institution's schedule shall be considered for selection purposes. Scrimmages and/or exhibition games will not count in an institution's won-lost record, nor will they be considered for selection purposes. Rescheduled games (including those with a different opponent) shall be considered for selection purposes, unless the game is being counted as a scrimmage or exhibition. New games may not be added to the schedule after the start of the season. The NCAA national office (attention: D'Ann Keller) and the respective regional advisory committee chair should be informed of any changes to an institution's schedule after the start of the season via the Notes section of the online score reporting system.

RPI information will be released on the NCAA Web site at www.ncaa.com on the following dates: October 13 and 27, and November 10. In addition, the RPI will be released after the conclusion of the championship.

Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in the Division I General Section and Bylaws 3.2.4, 12, 13, 14, 15 and 16 in the NCAA Division I Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. In accordance with Bylaw 3.2.4, member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition. Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

For the Division I men's soccer championship, the championship liaison must be notified before November 13.

Pairings

[Reference: Bylaw 31.1.3 in the NCAA Division I Manual.]

The pairings for all games shall be established by the men's soccer committee. Seeding and geographical location will be used in making pairings for first-, second-, third-round and quarterfinal games.

Additionally, when pairing teams, the committee shall avoid conference matchups in an institution's first game in the tournament.

Instructions to Participants

All-Tournament Team

The all-tournament team selection committee for the Men's College Cup will be composed of sports information representatives of the four participating schools and selected media. The ballot will be distributed before the championship game and can include any player who played in either the semifinals or final. The all-tournament team will consist of 11 players (irrespective of position). Of the 11, two players will be named the most outstanding offensive and defensive players.

Attendance

The attendance figures to be announced for each session of the championship shall be based on paid attendance. The paid attendance figures also are what should be listed on the online proposed budget and final financial report. The host has the option of providing a "turnstile" count [e.g., 34,575 paid attendance (12,456 turnstile attendance)].

Audio Coverage (Radio and Internet)

Please refer to the NCAA Broadcast Manual policies and guidelines that can be found at <http://www.ncaa.org/wps/ncaa?ContentID=38007>.

Awards

[Reference: Awards in the Division I General Section, and Bylaw 31.1.12 of the NCAA Division I Manual.]

Participation awards will be presented to a maximum of 21 (squad size) Division I student-athletes participating in preliminary-round competition. These awards will be sent to the preliminary-round tournament directors to be distributed to the non-advancing teams at the conclusion of each contest. Trophies will be presented to the teams and individuals that participate at the Men's College Cup.

The following will be presented at the finals site: four team trophies, 27 watches to the championship team, and 27 individual mini-trophies to the second-place team and semifinalists.

Ball

The Wilson AVANTI (Official NCAA Championship Match Ball) soccer ball will be used in all NCAA tournament games. These balls will be sent by the manufacturer to the tournament manager at the host institution for each round of competition. The host institution is responsible for "breaking in" the game balls before each tournament game.

The game balls may be distributed after the games by giving them to the participating schools (a minimum of four to the advancing team), using them as promotional giveaways or by donating them to a local youth group. One ball shall be provided to the middle referee.

Ball Persons and Rotation

The host institution must arrange for a minimum of four ball persons. These ball persons must be at least 10 years of age. A six-ball rotation will be used for all rounds of the championship. One ball will be in play. One ball will be on each sideline of each half of the field (four balls total) and one ball will be at the scorer's table.

Banquet (Finals Only)

A championship banquet will be arranged by the host institution for the night before the semifinals of the Men's College Cup. It is recommended that men wear a coat and tie.

Cheerleaders, Mascots, Bands and Banners

Cheerleaders and/or spirit team members, not to exceed 12 in number, plus the mascot shall be admitted, if in uniform, via the gate list furnished to the host institution by the competing institution's director of athletics; all other institutional representatives will be admitted only after presentation of a ticket. A maximum of 12 cheerleaders and/or spirit team members shall be allowed on the field during the progress of the game. The cheerleaders shall be seated on the apron of the playing area designated by the tournament manager.

Band members, not to exceed 25 in number, who are in uniform and performing at the championship, will not be charged admission to the competition, except at the Men's College Cup. Bands, or any component thereof, are allowed to play during timeouts, between games, and before and after the competition.

All cheerleading squads must conform to the guidelines set by the American Association of Cheerleading Coaches and Advisors (AACCA). This includes all guidelines and prohibitions pertaining to partner stunts in indoor facilities (Appendix K). Neither the NCAA nor the host institution shall be responsible for supervising or monitoring routines performed by cheerleaders at championship events. Except as noted in this section, supervision of cheerleading squads, their activities, yells and stunts is solely the participating institution's responsibility. The participating institution shall ensure that the squad has sufficient training, supervision and equipment for any and all routines its squad may choose to perform. Tournament managers must inform participating institutions if the host facility has more stringent requirements. If so, the director of athletics at each institution must apprise his or her cheerleading squad of such requirements and ensure compliance. The cheerleading squad is allowed to carry an institutional flag, but it may only be displayed during the respective team's timeout or between games. It cannot be used to taunt competitors or block spectators' views.

The use of trampolines, stunts more than two persons high, "basket tosses" and cheerleader flips is not permitted. Tournament managers must inform participants if the host facility has more stringent restrictions, which shall be applied. If necessary, the director of athletics at each institution shall be asked to apprise the appropriate individuals of this policy and ensure their cooperation.

The display of banners is subject to the approval of the games committee.

Conference Call

A conference call will be conducted at 11:00 a.m. Eastern time, Tuesday, November 17, with all participating teams, host personnel and NCAA site representatives. Also, a conference call with head coaches and administrators of the four teams advancing to the Men's College Cup will be conducted at 1 p.m. (Eastern time) Monday, December 7 to review the administration of the event.

Drug Testing

[Reference: Drug Testing in the Division I General Section, and Bylaws 18.4.1.5 and 31.2.3 in the NCAA Division I Manual.]

Student-athletes who compete in this championship may be subjected to drug tests in accordance with NCAA Bylaws 18.4.1.5 and 31.2.3, and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for this championship; and, thereafter, student-athletes who are tested shall remain eligible only if they test negative.

NCAA championships committees, following a recommendation from the NCAA drug-testing subcommittee, have discontinued the practice of announcing whether drug testing will be conducted at NCAA championship events.

Although knowing prior to competition whether NCAA drug testing was to occur had value for reasons of convenience, it left open the possibility that student-athletes might be tempted to use banned substances if they knew that NCAA testing was not being conducted at the site of competition.

Therefore, all coaches and student-athletes should presume that NCAA drug testing will occur at this championship event. Please inform your student-athletes that in the event they are notified of their selection for drug testing, the student-athlete must inform an official representative of your institution (e.g., coach, athletic trainer) before proceeding to the drug-testing site. Student-athletes will be reminded by the courier to contact their team representative.

Lodging

The host institution shall make reservations for the competing teams in all rounds of competition and advise them of the arrangements. In making these arrangements, the host institution shall select a property for the visiting team that is in an appropriate area (i.e., close proximity to the competition site) and is at a fair and reasonable market room rate that allows the visiting team to cover the costs of meals and lodging with its per diem reimbursement. Each competing institution is obligated to confirm or cancel the accommodations. The selection of a host institution may be dependent on availability and quality of rooms for participating institutions.

An institution is not obligated to stay at the designated property; however, it is responsible for canceling its reservations and then securing its own accommodations. If an institution prefers to stay in another hotel, it must:

1. Obtain a release for the rooms from the hotel manager; or
2. Use the rooms for persons accompanying the official traveling party. The competing institution is responsible for the first night's room charges even if it fails to use those

rooms. If an institution fails to make satisfactory arrangements for use of rooms with the hotel, full charges for the rooms will be billed to the institution.

The director of athletics of the host institution is to be advised of the plans of each institution sufficiently before the competition.

Mandatory Video Exchange

A mandatory video exchange is in effect for the championship, beginning with third-round opponents. The videos exchanged between the two teams shall be in a DVD format. For the third round, videos of second-round games shall be exchanged by opponents when the visiting team arrives at the site of the home team. For the quarterfinals and semifinals, the video must be received by 5 p.m. (Eastern time) on the Tuesday before the next round of competition. For all rounds, host sites must film each game from an elevated, midfield location (for the committee and for the visiting team), unless the visiting team is taping its own game. In this case, the host would be required to just tape the game for the committee. All game tapes must include the full match, unedited and include any overtime periods and penalty kicks. Any institution that does not follow the procedures for sending a copy of its tape to its opponent may be subject to a financial penalty (up to a maximum of \$300).

Media Arrangements

[Reference: Publicity and Program Material in the Division I General Section.]

Media Credentials. The NCAA shall control the issuance of media credentials for each of its championships. Subject to limitations of space, media credentials shall be assigned in accordance with the following priorities: (1) campus media certified by the director of athletics and/or sports information director of each participating and host institution, (2) certified media from the immediate locale of the championship or the immediate locale of the competing teams, and (3) other certified media.

Credentials will not be issued to representatives of any organization that regularly publishes, broadcasts or otherwise promotes the advertising of “tout sheets” or “tip sheets” or other advertising designed to encourage gambling on college sports events. In addition, credentials will not be issued to representatives of telephone reporting services and professional sports organizations.

Other conditions for obtaining media credentials may be implemented, based on the circumstances at the championship site. These conditions must be approved before the competition by the respective national office staff liaison.

Microphones. The placement of microphones on a team coach or in team huddles and bench areas is prohibited at all NCAA championships.

Postcompetition Interviews. Immediately after a 10-minute cooling-off period (e.g., 10 minutes after a competing team enters its dressing room), an interview area will open to all certified members of the news media; any coach and student-athletes requested by the media will be available for interviews. If a team or individual is participating in an awards ceremony, the cooling-off period will begin immediately after the presentation. For all games, with the exception of the championship game, the order of teams being interviewed at the postgame news conference shall be the winning team first, followed by the non-winning team.

Regardless of any regular-season radio or television contract(s), the coach is obligated to make himself available to the entire covering media during the championship and must report to the interview room immediately after the 10-minute cooling-off period. The coach cannot delay a postcompetition interview with the covering media to conduct a program for a single newspaper, radio or television reporter unless requested to remain for a short interview (not to exceed four minutes) by the television entity that has been granted television rights by the NCAA.

Coaches cannot make themselves available to selected media representatives before the conclusion of the 10-minute cooling-off period. They may, however, open their dressing rooms and/or report to the interview area before the cooling-off period ends, and make themselves available to all media representatives staffing the championship. Should a coach permit one media agency to enter the dressing room before the 10-minute cooling-off period has ended, the dressing room shall be opened to all other media representatives desiring access to the area. The NCAA championships have an “open locker room policy,” which is administered by the media coordinator on site.

All coaches and student-athletes must be made available for postcompetition interviews after the “cooling-off” period. This not only applies to formal press conferences, but also to any interview requests made to coaches and/or student-athletes not involved in the press conference. Failure to do so may result in possible misconduct as determined by the respective sport committee.

Meetings

[Reference: Misconduct in the Division I General Section, and Bylaws 31.2.3 and 31.1.10 in the NCAA Division I Manual.]

A mandatory meeting of the head coaches and institutional administrators (it is required that each institution include an administrator in its official travel party and that this person be someone other than the sports information contact) of the competing teams, officials and games committee shall be held no later than two hours prior to the start of the match. The purpose of the general-information meeting is to review playing rules and any other administrative matters pertaining to the event and to acquaint the head coaches with the provisions of NCAA Bylaw 31.1.10, which prescribes the conditions under which a student-athlete or representative of an institution may be disqualified from further participation in the competition for reasons of misconduct. Those not meeting the requirements above or not in attendance shall be subject to the assessment of a financial penalty.

See tournament manual for respective coaches meeting agenda.

Merchandise Pre-Orders

Teams selected to participate in NCAA championships will have the opportunity to preorder preliminary-round event merchandise online through the official NCAA souvenir merchandiser, Event 1, Inc. After selections, teams will receive instructions for placing orders. All orders will be shipped directly to the institution the week after preliminary-round competition. Questions regarding the online team ordering process may be directed to Gina Taylor at Event 1 at 888/745-3058.

NCAA Online Web Sites

NCAA member institutions may use the NCAA Web site (www.ncaa.org or www.ncaa.com) to obtain information about the Division I Men's Soccer Championship.

National Anthem

The national anthem shall be played before each tournament session.

News, Media, Press Conferences and Satellite Feeds

Please refer to the NCAA Broadcast Manual policies and guidelines that can be found at <http://www.ncaa.org/wps/ncaa?ContentID=38007>.

Official Traveling Party

[Reference: Per Diem and Transportation in the Division I General Section.]

The official traveling party for Division I men's soccer is 27.

Officials

Selection of Officials. Officials for all preliminary-round games shall be appointed by the men's soccer committee using a comprehensive list based on input from the regional advisory committees, conferences and other officiating organizations. Officials for preliminary rounds must be within driving distance of the host site (400 miles one way). (Note: The committee does have an exception for the referee only for quarterfinal games, if warranted.) Officials for all Men's College Cup games also shall be appointed by the men's soccer committee. For the Division I men's soccer championship, an official is required to work a minimum of six regular-season Division I men's soccer games in order to be eligible to work any round(s) of the championship. For Division I men's games, the referee will not be assigned to a game if it involves an institution he or she attended, was or is an employee of, or if any of his or her relatives have any of these affiliations.

Alternate Official. For preliminary-round games, an alternate official from the local area shall be assigned to assist at the scorer's table, facilitate player substitution and, at the discretion of the referee (in accordance with NCAA Men's and Women's Soccer Rules), replace a field official in the event of injury.

System. The diagonal system of control (three officials) will be used to officiate all tournament games. Officials are to dress alike and should wear shirts whose color is in contrast to the colors worn by the competing teams. At the Men's College Cup, one official will be assigned to each bench and one official will be designated as the alternate official.

Uniform Patch. Game officials shall wear an NCAA patch on their uniforms or jackets while officiating in NCAA tournament play. No other patches will be permitted.

Dressing Room. Only the game officials assigned to a tournament contest, designated representatives of the soccer committee and the tournament director will be permitted in the officials' dressing room before, during or after a game.

Fees. Fees shall be as follows per game: referee—\$240; assistant referees—\$160; and

alternate officials—\$100. The flat fee for officials assigned to the Men's College Cup is \$600.

Expense Reimbursement. Officials, including the alternate official, assigned to first-, second-, third- and quarterfinal-round games shall receive ground transportation expenses based on 51 cents per mile. Officials for Men's College Cup games only may be reimbursed for air travel, not to exceed jet coach air fare. If an official must fly, travel arrangements must be made through the NCAA travel service at Short's Travel Management, 866/655-9215. Hotel expenses (excluding incidentals) for officials required to stay overnight at the championship site shall be paid by the host institution and later reimbursed by the NCAA. Officials, including the alternate official, will receive \$45 per diem for meals and incidentals on each day of the championship, beginning with the day of arrival and ending with the day of departure. Officials not required to remain overnight at the site also shall receive \$45 per diem. Alternate officials receive a \$100 game fee unless that official substitutes for one of the game officials. Then, the alternate receives the fee of the replaced official.

Policies. A sports committee or games committee may not require membership in any specific officials' association as a prerequisite for selection to officiate in an NCAA meet or tournament. Officials shall be selected and assigned by the sports committee or games committee, which shall ensure that officials adhere to the Association's policies relating to gambling activities and drug and alcohol use. Furthermore, officials must conduct themselves in a manner befitting intercollegiate athletics. Failure to do so may result in termination of the officiating assignment.

Player Introductions

It is recommended that the following format be used in NCAA tournament games:

Teams and officials line up on the touch line and walk out together to midfield (all in a single line). As persons are introduced, they take one step forward and acknowledge the crowd. For all preliminary-round games and the three games at the Men's College Cup, only the starters shall take the field and be introduced.

Practice

On the day before a preliminary-round game, visiting teams will be permitted to practice on the game field for 60 minutes. The practice will be restricted from penalty box to penalty box. Portable goals shall be available for the practice. On game day, the pregame warm-up will be limited to 60 minutes on the game field. Teams will have full access to the field. Initial goalkeeping warm-up is encouraged outside of the goal box. For artificial surface fields, teams shall be allowed full access to the field during both the 60-minute practice the day before the game and during the warm-up on game day. The NCAA regional chair, in consultation with host institution, has final approval of the practice schedule.

Pregame Music

For all rounds of the championship, the host will be responsible for the pregame music. There shall not be a split between the host and the visiting team. Pregame music containing inappropriate or profane language is impermissible and any violation of this

policy will be subject to a misconduct penalty.

Pregame Schedule

For all rounds of the men's championships, host institutions should follow the pregame schedule listed in Appendix B.

Programs

[Reference: Advertising in the Division I General Section, and Bylaw 31.1.14.1 in the NCAA Division I Manual.]

IMG College will be responsible for all program production including layout and design, advertising, printing, vending and distribution to the championship sites. No competing publications, whether sold or free of charge, are permitted at NCAA events without prior permission of the NCAA and IMG College. The championship host should not include expenses or revenues for programs in the championship budget and/or financial report. All program contents are subject to NCAA approval.

Advertising. Each program will include NCAA corporate champion and partner advertising. Additionally, programs may include non-competing national ads as well as local ads. All ads must follow NCAA advertising guidelines and are subject to NCAA approval. If your institution would like to sell advertising into the official program or you know of an individual who would like to serve as a local advertising representative, please contact Doug Iler (502/459-4346; doug.iler@imgworld.com) for information regarding rates, availability and deadlines.

Editorial. If you are interested in the specific content of the program you will receive, please contact Marianne Stoess (marianne.stoess@imgworld.com; 859/226-4549).

Generally, programs include the following:

1. Participant information - IMG College will request information, including rosters, schedule/results, photos, school quick facts and logos. If your team is eligible for postseason selection, please send all materials that are requested by the date requested. Programs print on the day selections for the championship are announced. If materials are not on file, your school's information will not be included. IMG College will attempt to provide proofs for SID approval when time permits. If you are not sure what/when materials are needed, please contact Ms. Stoess at IMG College.
2. Programs for predetermined sites will include information on the host institution, host city and/or host facility. In addition, some programs provide complimentary advertising space. IMG College will contact via e-mail the tournament manager and sports information contacts, as listed on the key contact sheets submitted to the NCAA, with the specifics of what items are needed and when those items are due. Host institution pages are subject to NCAA approval.
3. Event-specific historical information, including past champions, records, all-tournament teams and/or the previous year's recap.
4. Information on the NCAA, including the sport committee.
5. Feature stories - Not all programs include event/sport-specific features. However, if you have an idea for a feature story, please submit it to Ms. Stoess at IMG College.

Program Supplements and Update Sheets. Host institutions for single-day/session championship rounds may choose to supplement the program with additional information (e.g., updated statistics or updated game notes) pertaining to the event at

its site that day. The cost of producing these supplements will be covered by the host institution and will not be expensed to the NCAA or IMG College, the content must be approved by IMG College prior to the event and the supplements must be distributed inside and as a part of the program. The cost of the program cannot be raised as a result of the supplement. Once all programs have been sold, these supplements may be given away or sold at the discretion of the host institution, with all potential revenue for such remaining with the host institution. No advertising of any kind may be sold or placed on the supplements. If supplements are distributed, after the conclusion of the championship event, please mail two samples of each supplement to Marianne Stoess (IMG College, 904 North Broadway, Lexington, KY 40505, Attn.: Marianne Stoess).

For championships that have multiple sessions, matches, events or days, host institutions may choose or be required by the NCAA to produce update sheets (e.g., heat sheets, lane assignments, pairings). IMG College will contact hosts of those championships in advance of their events to discuss projected quantities and the paper on which update sheets should be printed. The cost of producing the update sheets will be covered by the host institution and not be expensed to the NCAA or IMG College. The first update sheet of the event should be distributed inside and as a part of the program. Subsequent update sheets complement the program and are to be redeemed only with a coupon from the program. The cost of the program cannot be raised as a result of the update sheet. Once all programs have been sold, update sheets may be given away or sold at the discretion of the host institution, with all potential revenue for such remaining with the host institution. No advertising of any kind may be sold or placed on the update sheets. If update sheets are distributed, after the conclusion of the championship event, please mail two samples of each update sheet to Ms. Stoess (IMG College, 904 North Broadway, Lexington, KY 40505, Attn.: Marianne Stoess).

If a host institution would like to supplement the program with additional information, or has a question about the update sheets, please contact Matt Briggs at IMG College (859/226-4556; matthew.briggs@imgworld.com).

Radio

Please refer to the NCAA Broadcast Manual policies and guidelines that can be found at <http://www.ncaa.org/wps/ncaa?ContentID=38007>.

Red Cards

A student-athlete who must sit out the next tournament game due to a red card cannot be on the team bench. Moreover, the player shall not be permitted on the field at any time; however, he may join the team in the locker room postgame. Further, a player, coach or other bench personnel removed from the game and/or serving a game suspension shall be restricted to the designated spectator areas and prohibited from any communication or contact, direct or indirect, with the team, coaches, and/or bench personnel from the start of the contest to its completion, including all overtime periods and penalty kicks.

Rules

[Reference: Bylaw 31.1.6 in the NCAA Division I Manual.]

Per NCAA Bylaw 17.33, member institutions shall conduct all of their intercollegiate competition in accordance with the playing rules of the Association in all sports for which the NCAA develops playing rules. For the men's soccer championship, the 2008 and 2009 NCAA Men's and Women's Soccer Rules shall be followed to the letter.

Squad Size and Team Benches

[Reference: Bylaw 31.1.5 in the NCAA Division I Manual.]

Each team is limited to a maximum of 27 persons on its bench. Of the 27, 21 student-athletes are to be designated eligible for play and the official game roster is to be submitted and exchanged 15 minutes before game time.

Other players within the travel-party limit of 27 may sit in the team bench area in uniform but not participate. Twenty-seven credentials will be issued to the official travel party for each team (on a day-by-day basis). Extra players not in uniform should not be permitted on the bench unless they are counted in the travel party limit.

A maximum of 15 additional credentials may be issued (not good for admittance) to administrative staff, additional student-athletes, etc. As part of these 15 credentials, non student-athletes will be issued a VIP credential (access to locker room, media dining, press conferences and field - postgame only). Student-athletes will be issued temporary field credentials (access to locker room and field - postgame only). Schools are required to complete the form in the participants' manual that lists the individuals who are to receive a credential.

Suspended Games

In the case of inclement weather or other factors leading the referee to suspend a game, the officials, games committee and coaches shall refer to the 2008 and 2009 NCAA Men's and Women's Soccer Rules. For NCAA championship competition, a game must be played for the full 90 minutes (as opposed to 70 minutes for the regular season) to be considered a complete game.

If a game is suspended or postponed, it will be the decision of the games committee and the referee to determine if the game can be continued that day. If conditions dictate that the game cannot be completed, the NCAA representative and tournament manager shall contact D'Ann Keller (office: 317/917-6494; cellular: 317/966-6442). Only after contacting Ms. Keller may a game be suspended until the next day or moved to an alternate site. Teams should be prepared with footwear for any playing surface.

Television Rights and Footage Licensing

Please refer to the NCAA Broadcast Manual policies and guidelines that can be found at <http://www.ncaa.org/wps/ncaa?ContentID=38007>.

Tickets

[Reference: Tickets in the Division I General Section, and Bylaw 31.1.13 in the NCAA Division I Manual.]

There are no minimum ticket prices for preliminary rounds. However, complimentary tickets are not permitted.

For preliminary-round competition, an adequate number of tickets shall be reserved for visiting team fans. These seats shall be located behind the visiting team bench.

For the Men's College Cup, 250 public general admission tickets shall be reserved for each of the participating institutions. Any unsold tickets must be reported or returned to the host institution 24 hours before the game or first session. Host institutions will be asked to submit a ticket manifest listing the exact number and type of tickets sold. The NCAA championship manager in conjunction with the men's soccer committee will determine ticket locations. Children two years old and younger may be admitted free of charge (if facility policy allows) if accompanied by a ticketed adult.

Tournament Results and Releases

The sports information director of the host institution, or an appointed representative, is responsible for reporting all tournament results promptly to the press wire services, www.ncaa.com and regional news outlets. A standardized box score form for soccer will be sent in advance to the institutions serving as hosts to these games and also is available on the NCAA Web site at <http://www.ncaa.org/wps/ncaa?key=/ncaa/ncaa/sports+and+championship/soccer/championship+administration/index.html#General>.

Regular-Season Promotional Materials. The host institutions shall be responsible for a general promotional campaign designed to highlight and increase interest in soccer competition in their respective districts. They shall channel information to their regional news outlets and other designated outlets, such as those at the site of the finals.

Releases should report up-to-date won-lost records of leading teams, selection and playoff plans, and data on outstanding players. Districts' publicity representatives will be the sports information directors of the institutions or the chairs of the respective advisory committees.

Uniforms

[Reference: Bylaw 12.5.4 in the NCAA Division I Manual.]

Competing teams shall have both light- and dark-colored jerseys, and light- and dark-colored stockings available. The home team shall have its choice of uniform color (either light or dark) and the visiting team shall wear a uniform in contrast with that of the home team. For the semifinals and final, the games committee will determine the home teams.

Student-athletes competing in the soccer championship shall wear the official uniform of their institution in competition and related ceremonies. This applies to warm-ups, press conferences, awards ceremonies, practices and postgame celebrations.

Logos. An institution's official uniform and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, and towels) that are worn by student-athletes in competition may bear a single manufacturer's or distributor's normal trademark, not to exceed 2¼ square inches, including any additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square or parallelogram).

In addition, an institution's official uniform cannot bear a design element similar to the manufacturer's that is in addition to another logo or that is contrary to the size restriction.

A student-athlete representing an institution in intercollegiate competition is limited to wearing apparel items that include only the logo (not to exceed 2¼ square inches) of an apparel manufacturer or distributor. The student-athlete may not wear any apparel that identifies another entity other than the student-athlete's institution.

These restrictions apply to all apparel worn by student-athletes during the conduct of competition, which includes any pregame or postgame activities.

This bylaw will be strictly enforced at all NCAA championships and the names of individuals and institutions that are not in compliance with this bylaw shall be forwarded

to the NCAA enforcement staff.

Division I—Additional requirements. The logo restriction on student-athletes' apparel set forth in Bylaw 12.5.4 shall apply during NCAA championships to all personnel (e.g., coaches, trainers, managers) who are on the team bench or competition area for practices and games or who participate in news conferences. Please note that those contracts between institutions and apparel manufacturers or distributors that include logo specifications may be honored, provided such contracts were in effect before August 11, 1998. Also, the logo restriction on student-athletes' apparel as set forth in 12.5.4 shall apply to commercial logos on uniforms worn by band members, cheerleaders, dance team members and the institution's mascot during NCAA championship events.

Videotapes, Films and Still Photographs

[Reference: Bylaw 31.6.4.3 in the NCAA Division I Manual.]

The videotaping or filming of an opponent's game is not permitted without prior approval of the participating teams. If in-person scouting occurs, the individual(s) shall pay the regular admission price.

Institutions are permitted to videotape championship competition by their teams or their individual student-athletes for archival, coaching or instructional purposes. Each institution is permitted to use one camera and may videotape only that portion of the competition in which it participates. The videotapes may not be used for any commercial purposes. An institutional representative shall contact the event coordinator at the host site to arrange for camera space at that site. The host institution shall provide a comparable location for both competing teams.

Further, host institutions for all rounds of competition are required to videotape the game (from the time when pregame introductions take place until the time teams exit the field after the game). The committee implemented this policy to ensure complete footage of all games is available, in case any game needs to be reviewed because of potential misconduct situations. (See page 16.)

TOTAL 100%

For preliminary-round sites, a team in the top 16 will automatically be selected as a site, unless the institution did not submit a bid to host. If a game involves two seeded teams, the higher seed will host, unless the institution did not submit a bid to host.

If the field is unplayable, the host will have the opportunity to find a suitable alternate site. The criteria for an alternate site would be for the field to have a minimum dimension of 70x110 yards, and the field must be deemed playable by the games committee and approved by the NCAA Division I Men's Soccer Committee.

The Rating Percentage Index (RPI) shall be used as a selection tool. When breaking down the RPI, the committee may consider comparing data of individual teams, including but not limited to, overall record, Division I record, overall RPI rank, nonconference record and RPI rank, conference regular season record and conference tournament results. Below is the Bonus/Penalty structure for the RPI:

Result	Location	Opponents' RPI Rank	Penalty Value	Bonus/Scale

It should be noted that a team will not be penalized for the first non-Division I game on a team's schedule, but any subsequent non-Division I games will receive the maximum penalty points. All games, however, are reported in an institution's won-lost-tied record.

Appendix K

Cheerleading Safety Rules

Note: See “Section G” for specific basketball/indoor restrictions.

Section A - General Program Guidelines

1. Cheerleading squads should be placed under the direction of a qualified and knowledgeable advisor or coach.
2. All practice sessions should be supervised by the advisor/coach and held in a location suitable for the activities of cheerleaders (e.g., use of appropriate matting, away from excessive noise and distractions, etc.)
3. Prior to the performance of any skill, the immediate environment for the activity should be taken into consideration – including, but not limited to – proximity of non-squad personnel, performance surface, lighting and/or precipitation. Technical skills should not be performed on concrete, asphalt, wet or uneven surfaces or surfaces with obstructions.
4. Advisors/coaches should recognize the particular ability level of all participants and should limit the squad’s activities accordingly. Participants should not be pressed to perform activities until they are safely prepared.
5. Skills that have not been mastered should be performed only in a supervised practice environment.
6. Thorough training in proper spotting techniques should be mandatory for all squads.
7. All cheerleaders should receive proper training before attempting any form of cheerleading gymnastics (tumbling, partner stunts, pyramids and jumps).
8. All cheerleading squads should adopt a comprehensive conditioning and strength building program.
9. A structured stretching exercise and flexibility routine should precede and follow all cheerleading activities.
10. All programs should qualify cheerleaders according to accepted teaching progressions. Appropriate spotting should be used until all performers demonstrate mastery of the skill and when spotting is required by specific rule.
11. In environments where there is close proximity to the athletic event and “out of bounds” plays pose a significant risk of injury to the participant, no technical skills should be performed while the ball is in play.
12. All partner stunts, pyramids, and basket tosses should be reviewed and approved by the coach prior to execution.

Section B - General Restrictions

1. The use of any height-increasing apparatus (e.g. mini-trampoline, etc.) other than a spring floor is prohibited for performance.
2. The top person in a partner stunt, pyramid or transition cannot be released from bases with the intent to land or be caught in an inverted body position.
3. An individual may not jump, flip or dive over, under, or through partner stunts, pyramids or individuals from basket tosses, similar tosses, partner stunts or other tosses from hands.
4. Drops (knee, seat, thigh, front, back and split) from a jump, stand or inverted position are prohibited unless the majority of the weight is first borne on the hands/feet which breaks the impact of the drop.

5. Jewelry of any kind is prohibited (e.g., navel jewelry, tongue jewelry, earrings, necklaces, etc.) Medical bracelets are allowed provided they are taped to the body.
6. Soft-soled athletic shoes must be worn while cheering or competing. Gymnastics shoes, jazz shoes and/or boots are prohibited.
7. Flipping skills into or from stunts, tosses or pyramids are prohibited on surfaces other than grass or a mat.
8. Two and one half high pyramids are prohibited on surfaces other than grass or a mat.

Section C - Partner Stunts

1. Twisting dismounts with more than a 360 degree rotation require an additional spotter that assists on the cradle.
2. Stunts in which the base uses only one arm for support require a spotter when:
 - a. the stunt is anything other than a cupie/awesome or basic liberty. All other one-arm stunts require a spotter (e.g., heel stretch, arabesque, high torch, scorpion, bow and arrow, etc.).
 - b. the load-in or dismount involves a twist. The spotter must be in place during the twist and assist on the cradle during twisting dismounts.
 - c. the top person is popped from one arm to the other.
3. Single based split catches are prohibited.
4. Flips into or from partner stunts are prohibited, with the following exceptions (These exceptions are limited to one flip and require an additional spotter.):
 - a. Rewinds (no twisting allowed.)
 - b. Front flip dismounts from shoulder height to a cradle.
 - c. Back flip dismounts from shoulder height double based stunts to a cradle.
5. Leg pitch, toe pitch, walk-in, sponge, and straddle catch front and back flips are prohibited.
6. Twisting dismounts greater than two rotations are prohibited. Exception: side facing stunts - i.e. Arabesque, Scorpion, double full twisting cradles to the front are legal.
7. Front, back and side tension drops are prohibited.

Section D - Pyramids

1. Pyramids higher than 2 ½ body lengths are prohibited. Pyramid height is measured by body lengths as follows: chairs, thigh stands and shoulder straddles are 1½ body lengths; shoulder stands are 2 body lengths; extended stunts (i.e. extension, liberty, etc.) are 2½ body lengths. Exception: an extended stunt on top of a thigh stand is allowed.
2. In all pyramids, there must be at least two spotters designated for each person who is above “two persons high” and whose primary support does not have at least one foot on the ground. One of the spotters must be in the back and the other can be at the side or in front of the pyramid to spot the front. Just prior to the dismount, this spotter can move to the back to catch the cradle.
3. Cradles from pyramids over two high must use at least two catchers.
4. Toe touch and twisting dismounts off of pyramids two high or above must use three catchers.
5. All flips into or from pyramids are prohibited, with the exception of a forward flip dismount to a cradle.
6. Front, back and side tension drops are prohibited.

Section E - Tosses

1. Basket tosses or similar tosses may only be performed from ground level, can use no more than four bases, and must be cradled by three of the original bases, one of which must catch in a "scoop" under the head and shoulders.
2. Basket and elevator tosses may not be directed so that the bases must move to catch the top person.
3. Basket and elevator tosses cannot exceed one flipping and two twisting rotations.
4. In flipping basket or elevator tosses (tuck, layout, or pike position) only two additional skills are allowed. One twisting rotation is considered to be one skill. Examples:

Legal (two skills)	Illegal (three skills)
Tuck flip, X-out, Full Twist	Tuck flip, X-out, Double Full Twist
Double Full-twisting Layout	Kick, Double Full-twisting Layout
Kick, Full-twisting Layout	Kick, Full-twisting Layout, Kick
Pike, Open, Double Full Twist	Pike, Split, Double Full Twist
Arabian Front, Full twist	Full-twisting Layout, Split, Full Twist

Note: An Arabian Front followed by a 1 ½ twist is considered to be a legal skill.

5. Basket and elevator load-ins can land in a stunt or pyramid provided that the toss does not significantly exceed the height of the intended skill. Flips into stunts or pyramids from a basket or elevator load-in are prohibited.

Section F - Tumbling

1. Tumbling skills performed over, under or through partner stunts, pyramids or individuals are prohibited.
2. Tumbling skills that exceed one flipping rotation are prohibited.
3. Tumbling skills with two or more twisting rotations are prohibited.
4. Dive rolls are prohibited.

Section G – Specific Basketball/Indoor Court Rules

1. The following skills are prohibited at basketball and other athletic contests conducted on courts:
 - a. Basket tosses, elevator tosses and other similar multibased tosses.
 - b. Partner stunts in which the base uses only one arm to support the top person.
 - c. Flips or twists into or from partner stunts.
 - d. Two and one half person high pyramids.
 - e. Twisting tumbling skills.

The only exception to the above rule is during halftime or postgame performances where the area is free of obstructions and non-cheer personnel and all skills are performed on a matted surface.

Section H - Glossary

Base. - A person who is in direct contact with the performing surface and is supporting another person's weight.

Top. – A person who is either being supported by another while off of the performing surface or who has been tossed into the air by another person.

Middle. – A person who is being supported by a base while also supporting a top

person.

Toss. – A movement by one or a group of participant that propels a person into the air so that the person is airborne (i.e., free of contact with the performing surface).

Stunt. - A skill in which a top person is supported by a base or bases.

Pyramid. – A skill in which a top person is being supported by a middle layer person.

Flip. – When a person is airborne while the feet pass over the head.

Dive Roll. - A forward roll wherein the performer is airborne prior to the beginning of the forward roll.

Cradle. – Dismount from a stunt/pyramid/toss in which the top person lands in a face-up, semi-piked position.

Helicopter Toss. – A stunt in which the top person is tossed into the air with the body parallel to the ground and completes a 360 degree horizontal rotation (like the blades of a helicopter.)

Rewind. - Skill in which the top person starts with BOTH FEET on the ground, is tossed into the air and performs a backward or side rotation into a stunt or loading position. Flips are limited to one rotation and cannot twist.

Loading Position. – Any intermediate position below shoulder level that uses continuous motion to put a top person in a stunt or pyramid. Examples: Elevator load, basket load, smooch, scoop from the back, etc.

Height-increasing Apparatus. – Any type of equipment that increases the height of a skill.

The above safety rules are general in nature and are not intended to cover all circumstances. All cheerleading gymnastics, including tumbling, partner stunts, pyramids, jumps and tosses should be carefully reviewed and supervised by a qualified and knowledgeable advisor or coach. The American Association of Cheerleading Coaches and Advisors makes no warranties or representations, either expressed or implied, that the above guidelines will prevent injuries to individual participants.
