Introduction

During the 2011-12 academic year, the Association will sponsor 89 national championships, of which 42 are for men, 44 are for women, and three are for both men and women. Among the men's championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 14 are Division III championships. Among the women's championships, four are National Collegiate Championships, 13 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men's and women's championships are National Collegiate Championships.

A pre-championship manual is produced for each NCAA championship and posted on the NCAA website (www.ncaa.org).

How to Use This Publication. The pre-championship manual is divided into four sections: (1) General Administration; (2) Determination of Competing Institutions; (3) Instructions to Participants; and (4) General Championship Information. The first three sections pertain only to the respective sport, while the fourth deals with NCAA policies applicable to all 89 championships. [Note: Some policies listed in the general section have been revised by individual sports committees. The revision(s) will appear in the sport-specific section of the pre-championship manual.]

Each topic included in the pre-championship manual is referenced to other applicable areas in the pre-championship manual or in the NCAA Manuals, where appropriate. For example, if you wish to know about regional advisory committees, the basic information for that particular sport would be included in an appendix. However, as referenced under the heading "Regional Advisory Committees," more information concerning general NCAA policy governing regional advisory committees can be found later in the pre-championship manual and in the NCAA Manuals.

Third Round (8)	Two weeks prior to finals (Sunday)
Quarterfinals (4)	One week prior to finals (Friday, Saturday or Sunday)
College Cup	Second weekend in December; if 1st is a Saturday, it will count as the first weekend (Thursday & Saturday or Friday & Sunday)

General Requirements. The Division I Men's Soccer Committee shall approve the dates and game times of all preliminary-round games according to the chart listed below (the committee must approve any deviation from these times in advance):

Midweek (1st Round)	Thursday	Between Noon and 7:30 p.m.

Requests for changes to the starting time or competition date (quarterfinal only) that an institution submitted with its bid must be submitted for approval to D'Ann Keller at the NCAA national office the Monday prior to each round of the championship.

A competing institution that cannot charge admission at its home facility, cannot

establish a barrier to separate the spectators from the field of play or that does not have a field that meets minimum size requirements (70 yards x 110 yards) may not serve as host. Preference will be given to grass fields 70 yards x 115 yards and larger. Institutions serving as hosts for preliminary-round games or the semifinals and final must charge admission.

All rounds of the championship, except the Men's College Cup, will be conducted on the campus of one of the participating institutions.

An evaluation will be made of institutional facilities to determine if they are acceptable for championship play. Selection of host sites will be based partly on the quality of the playing facility. A facility evaluation form will be made available on the NCAA website to the directors of athletics of all institutions and will be one of the tools used in making this determination. Institutions interested in hosting are to submit the form online by the indicated deadline. Institutions submitting proposed budgets for preliminary rounds must have played the majority of their home games at the site listed on the facility evaluation form. Institutions with inadequate playing surfaces (e.g., inadequate artificial surface, minimum dimensions, etc.) may request a waiver of the policy.

Site Selection. The site selection criteria for the Division I men's soccer championship are as follows (see Appendixes F and G):

60 percent	Committee ranking
40 percent	(1) Facility—
	Quality of field surface (60 percent)
	Evaluation of facility (30 percent)
	Game management (10 percent)

Note: For preliminary-round sites, a team in the top 16 will automatically be selected as a site, unless the institution did not submit a bid to host. If a game involves two seeded teams, the higher seed will host, unless the institution did not submit a bid to host.

If the field is unplayable, the host will have the opportunity to find a suitable alternate site. An alternate site must have a field that meets the minimum dimensions of 70 yards x 110 yards, and must be deemed playable by the games committee and approved by the NCAA Division I Men's Soccer Committee.

Championships Policy Related to Sports Wagering

Financial Report. A financial report, which is part of the proposed budget, from each championship site must be submitted online via the host reporting system not later than 60 days after the conclusion of the competition. Determination of Competing Institutions

Championship Structure

The men's soccer championship provides for a 48-team, single-elimination tournament. Twenty-two conferences will receive automatic qualification. The remaining 26 teams will be selected on an at-large basis. The committee will identify the top 16 teams and seed them in the bracket. The remaining 32 teams will be paired according to geographical proximity with each other. Additionally, when pairing teams, the committee shall avoid conference matchups in an institution's first game in the tournament.

A championship bracket is located in Appendix A.

Automatic Qualifiers

[Reference: Bylaws 31.3.4 and 31.3.5 in the NCAA Division I Manual.]

Conferences granted automatic qualification for the 2011 championship are:

America East Conference	The Ivy League
Atlantic Coast Conference	Metro Atlantic Athletic Conference
Atlantic Sun Conference	Mid-American Conference
Atlantic 10 Conference	Missouri Valley Conference
Big East Conference	Mountain Pacific Sports Federation
Big South Conference	Northeast Conference
Big Ten Conference	Pac-12 Conference
Big West Conference	Patriot League
Colonial Athletic Association	Southern Conference
Conference USA	The Summit League
Horizon League	West Coast Conference

Championship Selection

[Reference: Bylaws 31.01.2, 31.01.3 and 31.3.3 in the NCAA Division I Manual.]

Teams for the men's soccer championship shall be selected by the NCAA Division I Men's Soccer Committee. The committee has 10 members. Eight of the 10 committee members serve as chairs of the advisory committees in their respective regions. The other two members serve on an at-large basis.

The committee will conduct an in-person selection meeting. Insofar as possible, all selections will be made by November 14 and will be distributed to institutions.

Selection Requirements. To be considered for the at-large selection process, a team must have an overall won-lost record of .500 or better.

Countable Competition. For NCAA team-championship selection purposes, competition is countable only when the teams played are varsity intercollegiate teams

of four-year, degree-granting institutions that conduct a majority of their competition in that team sport against varsity intercollegiate teams (see Constitution 3.2.4.5) of United States four-year, degree-granting institutions. Competition against service teams, professional teams, semiprofessional teams, amateur teams, two-year colleges and club teams shall be excluded.

It should be noted that a team will not be penalized for the first non-Division I game on a team's schedule, but any subsequent non-Division I games will receive the maximum penalty points. All games, however, are reported in an institution's won-lost-tied record.

Selection Criteria. The men's soccer committee will select at-large teams based on the criteria in Bylaw 31.3.3 (as listed below) in addition to the primary criteria.

- Won-lost record;
- Strength of schedule; and
- Eligibility and availability of student-athletes for NCAA championships.

Primary Criteria (not necessarily in priority order).

- Comprehensive evaluation of the Rating Percentage Index (RPI), which includes:
 - Won-lost record (25 percent).
 - Opponents' strength of schedule (50 percent).
 - Opponents' opponents' strength of schedule (25 percent).
 - Bonus/penalty system. (See Appendix I).
- Head-to-head competition.
- Results versus common opponents.
- Strength and results against nonconference opponents.

Secondary Factors. If the evaluation of the criteria listed above does not result in a decision by the committee, then the secondary factors will be reviewed.

- Results against teams already selected (including automatic qualifiers with an RPI of 1-75).
- Late-season performance in last eight games (strength and results).
- Strength and results against conference opponents.

Recommendations provided by regional advisory committees shall also be considered by the men's soccer committee. Coaches' polls and/or any other outside polls or rankings are not used as a selection criterion by the men's soccer committee for selection purposes.

Score Reporting Form. Beginning with the 2011-12 academic year, the NCAA statistics group is collecting schedules for Division I men's soccer. As a result, institutions no longer are required to enter their schedules via the championships online score reporting system. All sports information directors are asked to submit their schedules on <http://web1.ncaa.org/stats/StatsSrv/login> by August 10. Subsequently, weekly game results will be updated automatically via an XML transfer from reports provided to the NCAA statistics group.

All games played on an institution's schedule shall be considered for selection purposes. Scrimmages and/or exhibition games will not count in an institution's won-lost record, nor will they be considered for selection purposes. Rescheduled games

(including those with a different opponent) shall be considered for selection purposes, unless the game is being counted as a scrimmage or exhibition. New games may not be added to the schedule after the start of the season. The NCAA national office (attention: D'Ann Keller) and the respective regional advisory committee chair should be informed of any changes to an institution's schedule after the start of the season via e-mail.

RPI information will be released by 3 p.m. Eastern time on the NCAA website at www.ncaa.com on the following dates: October 18 and 25, November 1, 8 and 15. In addition, the RPI will be released after the conclusion of the championship.

Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in the Division I General Section and Bylaws 3.2.4, 12, 13, 14, 15 and 16 in the NCAA Division I Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. In accordance with Bylaw 3.2.4, member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition. Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

For the Division I men's soccer championship, the championship manager must be notified before November 11.

Instructions to Participants

All-Tournament Team

The all-tournament team selection committee for the Men's College Cup will be composed of sports information representatives of the four participating schools and selected media. The ballot will be distributed before the championship game and can include any player who played in either the semifinals or final. The all-tournament team will consist of 11 players (irrespective of position). Of the 11, one player will be named the most outstanding offensive player and one player the most outstanding defensive player.

Attendance

The attendance figures to be announced for each session of the championship shall be based on paid attendance. The paid attendance figures also are what should be listed on the online proposed budget and final financial report. The host has the option of providing a "turnstile" count [e.g., 34,575 paid attendance (12,456 turnstile attendance)].

Audio Coverage (Radio and Internet)

Please refer to the NCAA Broadcast Manual policies and guidelines that can be found at <http://www.ncaa.com/broadcast>.

Awards

[Reference: Awards in the Division I General Section, and Bylaw 31.1.12 of the NCAA Division I Manual.]

Participation awards will be presented to a maximum of 21 (squad size) Division I student-athletes participating in preliminary-round competition. These awards will be sent to the preliminary-round tournament directors to be distributed to the non-advancing teams at the conclusion of each contest. Trophies will be presented to the teams and individuals that participate at the Men's College Cup.

The following will be presented at the finals site: four team trophies, 27 watches to the championship team, and 27 individual mini-trophies to the second-place team and both semifinalists.

Ball

The Wilson FORTE FYBRID, Official NCAA Championship Match Ball, will be used in all NCAA tournament games. These balls will be sent by the manufacturer to the tournament manager at the host institution for each round of competition. The host institution is responsible for "breaking in" the game balls before each tournament game. In the event of inclement weather (e.g., snow), please notify D'Ann Keller at the NCAA national office regarding shipment of a yellow Wilson soccer match balls as backup.

The game balls may be distributed after the games by giving them to the participating schools, using them as promotional giveaways or by donating them to a local youth group. One ball shall be provided to the middle referee.

Ball Persons and Rotation

The host institution must arrange for a minimum of four ball persons. These ball persons must be at least 12 years of age. A six-ball rotation will be used for all rounds of the championship. One ball will be in play. One ball will be on each sideline of each half of the field (four balls total) and one ball will be at the scorer's table.

Banners

Any banners other than the approved NCAA and television/radio banners may not be posted on competition site surfaces/railings without the permission of the NCAA Division I Men's Soccer Committee or its designated representative. Hand-held team banners are permissible as long as they do not interfere with the competition or spectators' views and they do not contain any commercial identification. Banners advertising equipment or manufacturers are prohibited.

Banquet (Finals Only)

A banquet for student-athletes and institutional personnel of participating teams will be held in conjunction with the championship finals. Competing institutions will receive information from the host, including details regarding attire.

Band/Spirit Squad/Mascots

Spirit squad members, not to exceed 12 in number, plus the mascot shall be admitted, if in uniform, via the gate list furnished to the host institution by the competing institution's director of athletics; all other institutional representatives will be admitted only after presentation of a ticket. A maximum of 12 spirit squad members shall be allowed on the field during the progress of the game. The spirit squad shall be seated on the apron of the playing area designated by the tournament manager.

Band members, not to exceed 25 in number, who are in uniform and performing at the championship, will not be charged admission to the competition, except at the Men's College Cup. Bands, or any component thereof, are allowed to play during timeouts, between games, and before and after the competition.

All spirit squads must conform to the guidelines set by the American Association of Cheerleading Coaches and Advisors (AACCA). This includes all guidelines and prohibitions pertaining to partner stunts in indoor facilities. Neither the NCAA nor the host institution shall be responsible for supervising or monitoring routines performed by cheerleaders at championship events. Except as noted in this section, supervision of cheerleading squads, their activities, yells and stunts is solely the participating institution's responsibility. The participating institution shall ensure that the squad has sufficient training, supervision and equipment for any and all routines its squad may choose to perform. Tournament managers must inform participating institutions if the host facility has more stringent requirements. If so, the director of athletics at each institution must apprise his or her spirit squad of such requirements and ensure

compliance. The cheerleading squad is allowed to carry an institutional flag, but it may only be displayed during the respective team's timeout or between games. It cannot be used to taunt competitors or block spectators' views.

The use of trampolines, stunts more than two persons high, "basket tosses" and cheerleader flips is not permitted. Tournament managers must inform participants if the host facility has more stringent restrictions, which shall be applied. If necessary, the director of athletics at each institution shall be asked to apprise the appropriate individuals of this policy and ensure their cooperation.

Championship Merchandise

Teams selected to participate in NCAA championships will have the opportunity to preorder preliminary-round event merchandise online through the official NCAA souvenir merchandiser, Event 1, Inc. After selections, teams will receive instructions for placing orders. All orders will be shipped directly to the institution the week after preliminary-round competition. Questions regarding the online team ordering process may be directed to Gina Taylor at Event 1 at 888/745-3058.

Drug Testing

[Reference: Drug Testing in the Division I General Section, and Bylaws 18.4.1.5 and 31.2.3 in the NCAA Division I Manual.]

Student-athletes who compete in this championship may be subjected to drug testing in accordance with NCAA Bylaws 18.4.1.5 and 31.2.3, and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for this championship; and, thereafter, student-athletes who are tested shall remain eligible only if they test negative.

NCAA sports committees, following a recommendation from the NCAA drug-testing subcommittee, have discontinued the practice of announcing whether drug testing will be conducted at NCAA championship events.

Although knowing prior to competition whether NCAA drug testing was to occur had value for reasons of convenience, it left open the possibility that student-athletes might be tempted to use banned substances if they knew that NCAA testing was not being conducted at the site of competition.

Therefore, all coaches and student-athletes should presume that NCAA drug testing will occur at this championship event. Please inform your student-athletes that in the event they are notified of their selection for drug testing, the student-athlete must inform an official representative of your institution (e.g., coach, athletic trainer) before proceeding to the drug-testing site. Student-athletes will be reminded by the courier to contact their team representative.

Lodging

The host institution shall make reservations for the competing teams in all rounds of competition and advise them of the arrangements. In making these arrangements, the host institution shall select a property for the visiting team that is in an appropriate area (i.e., close proximity to the competition site) and is at a fair and reasonable market room

rate that allows the visiting team to cover the costs of meals and lodging with its per diem reimbursement. Each competing institution is obligated to confirm or cancel the accommodations. The selection of a host institution may be dependent on availability and quality of rooms for participating institutions.

An institution is not obligated to stay at the designated property; however, it is responsible for canceling its reservations and then securing its own accommodations. If an institution prefers to stay in another hotel, it must:

1. Obtain a release for the rooms from the hotel manager; or
2. Use the rooms for persons accompanying the official traveling party. The competing institution is responsible for the first night's room charges even if it fails to use those rooms. If an institution fails to make satisfactory arrangements for use of rooms with the hotel, full charges for the rooms will be billed to the institution.

The director of athletics of the host institution is to be advised of the plans of each institution sufficiently before the competition.

Mandatory Video Exchange

A mandatory video exchange is in effect for the championship, beginning with the third-round opponent. For the third round, quarterfinals and semifinals, the video must be received by 5 p.m. Eastern time the Tuesday before the next round of competition. A video, in DVD format, of your most recent NCAA tournament game must be exchanged between the two teams. For all rounds, host sites must film each game from an elevated, midfield location for the committee and for the visiting team, unless the visiting team is taping its own game. In this case, the host would be required to just tape the game for the committee. All videos must be of high quality, include audible sound and be in good working order. All game tapes must include the full match, unedited and include any overtime periods and penalty kicks. The video must begin once the teams take the field for warm up, include pregame introductions as well as post game activities. The video shall conclude once both teams exit the field. Any institution that does not follow the procedures for sending a copy of its tape to its opponent may be subject to a financial penalty up to a maximum of \$600 per offense.

Media Services

[Reference: Publicity and Program Material in the Division I General Section.]

Media Credentials. The NCAA shall control the issuance of media credentials for each of its championships. Subject to limitations of space, media credentials shall be assigned in accordance with the following priorities: (1) campus media certified by the director of athletics and/or sports information contact of each participating and host institution, (2) certified media from the immediate locale of the championship or the immediate locale of the competing teams, and (3) other certified media.

Credentials will not be issued to representatives of any organization that regularly publishes, broadcasts or otherwise promotes the advertising of "tout sheets" or "tip sheets" or other advertising designed to encourage gambling on college sports events. In addition, credentials will not be issued to representatives of telephone reporting services and professional sports organizations.

Other conditions for obtaining media credentials may be implemented, based on the

circumstances at the championship site. These conditions must be approved before the competition by David Worlock, media coordinator for the men's soccer championship.

Microphones. The placement of microphones on a team coach or in team huddles and bench areas is prohibited at all NCAA championships.

Postcompetition Interviews. Immediately after a 10-minute cooling-off period (e.g., 10 minutes after a competing team enters its dressing room), an interview area will open to all certified members of the news media; any coach and student-athletes requested by the media will be available for interviews. If a team or individual is participating in an awards ceremony, the cooling-off period will begin immediately after the presentation. For all games, *with the exception of the championship game*, the order of teams being interviewed at the postgame news conference shall be the winning team first, followed by the non-winning team.

Regardless of any regular-season radio or television contract(s), the coach is obligated to make himself available to the entire covering media during the championship and must report to the interview room immediately after the 10-minute cooling-off period. The coach cannot delay a postcompetition interview with the covering media to conduct a program for a single newspaper, radio or television reporter unless requested to remain for a short interview (not to exceed four minutes) by the television entity that has been granted television rights by the NCAA.

Coaches cannot make themselves available to selected media representatives before the conclusion of the 10-minute cooling-off period. They may, however, open their locker rooms and/or report to the interview area before the cooling-off period ends, and make themselves available to all media representatives staffing the championship. Should a coach permit one media agency to enter the locker room before the 10-minute cooling-off period has ended, the locker room shall be opened to all other media representatives desiring access to the area. NCAA championships have an "open locker room policy," which is administered by the media coordinator on site.

All coaches and student-athletes must be made available for postcompetition interviews after the "cooling-off" period. This not only applies to formal press conferences, but also to any interview requests made to coaches and/or student-athletes not involved in the press conference. Failure to do so may result in possible misconduct as determined by the respective sport committee.

Meetings

[Reference: Misconduct in the Division I General Section, and Bylaws 31.2.3 and 31.1.10 in the NCAA Division I Manual.]

A mandatory administrative meeting of the head coaches and institutional administrators (it is required that each institution include an administrator in its official travel party and that this person be someone other than the sports information contact) of the competing teams, officials and games committee shall be held three hours prior to the start of the match. The purpose of the general-information meeting is to review playing rules and any other administrative matters pertaining to the event and to acquaint the head coaches with the provisions of NCAA Bylaw 31.1.10, which prescribes the conditions under which a student-athlete or representative of an institution may be disqualified from further participation in the competition for reasons of misconduct.

Those not meeting the requirements above or not in attendance shall be subject to the assessment of a financial penalty.

See host operations manual for respective coaches meeting agenda.

Misconduct.

Criticism of Officials. Members of the coaching staff or other representatives of participating institutions or conferences shall not make public statements critical of officiating in any NCAA championship event. Failure to comply with this policy may subject the individual, institution or conference to the misconduct provisions of Bylaw 31.1.10.

Administrative Meeting. Each games committee shall hold an administrative meeting with the coaches of participating institutions to review and explain the policies related to misconduct.

Hearing Opportunity. An act of misconduct may be found upon an administrative hearing granted to the student-athlete or the institutional representative involved by the governing sports committee or the games committee authorized to act for it.

Misconduct Incident to Competition. If the act of misconduct occurs during the competition, under normal circumstances the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day's competition, during a break in the continuity of the championship (e.g., between rounds of a basketball tournament) when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or institutional representative from the competition and conduct the hearing after this action. Other acts of misconduct may be dealt with at the governing sports committee's convenience.

Penalty for Misconduct. In accordance with Bylaw 31.1.10.3, the governing sports committee (or the games committee authorized to act for it) may impose any one or a combination of the following penalties on an institution or any student-athlete or representative of an institution guilty of misconduct that occurs incident to, en route to, from or at the locale of the competition or practice:

1. Public or private reprimand of the individual;
2. Disqualification of the individual from further participation in the NCAA championship involved;
3. Banishment of the individual from participating in one or more subsequent championships of the sport involved;
4. Cancellation of all or a portion of payment to the institution of the Association's transportation and/or per diem allowance for the individuals involved;
5. Withholding of all or a portion of the institution's share of revenue distribution;
6. Banishment of the institution from participation in one or more subsequent championships in which its team in that sport otherwise would be eligible to participate;
7. Disqualification of an institution for a period of time from serving as host institution for one or more NCAA championships;
8. Cancellation of all or a portion of the honorarium for hosting an NCAA championship; and

9. Financial or other penalties different from Nos. 1 through 8, but only if they have prior approval of the Division I Championships/Sports Management Cabinet.

Ban From Subsequent Championship. When a student-athlete or institutional representative is banned from participation in a subsequent championship, such penalty shall be applied to the next tournament(s) in which the individual's team is involved and the individual otherwise is eligible to participate. In the case of an individual event, the penalty shall be applied to the next meet(s) or tournament(s) for which the individual qualifies and otherwise is eligible to participate.

Review of Action. Any action related to misconduct may be reviewed by the governing sports committee on request of any institution participating in the championship.

In addition, officials shall adhere to the Association's policies relating to gambling activities and drug and alcohol use. Failure to do so may result in termination of the officiating assignment.

- | |

Officials are to dress alike and should wear shirts whose color is in contrast to the colors worn by the competing teams. At the Men's College Cup, one official will be assigned to each bench and one official will be designated as the alternate official.

Officials, including the alternate official, assigned to first-, second-, third- and quarterfinal-round games shall receive ground transportation expenses based on 50 cents per mile. Officials for Men's College Cup games only shall be reimbursed for air travel, not to exceed jet coach air fare. If an official must fly, travel arrangements must be made through the NCAA travel service at Short's Travel Management, 866/655-9215. Hotel expenses (excluding incidentals) for officials required to stay overnight at the championship site shall be paid by the host institution and later reimbursed by the NCAA. Officials, including the alternate official, will receive \$45 per diem for meals and incidentals on each day of the championship, beginning with the day of arrival and ending with the day of departure. Officials not required to remain overnight at the site also shall receive \$45 per diem.

Player Introductions

The following format must be used in all NCAA Division I Men's Soccer tournament games:

Teams and officials line up on the touch line and walk out together to midfield (all in a single line). As players are introduced, they take one step forward and acknowledge the crowd. After introductions and the national anthem, the visiting team will walk across and shake hands with the home team, followed by shaking hands with the game officials. Head coaches must also shake hands at the scorer's table while players return to the bench area. For all preliminary-round games and the three games at the Men's College Cup, only the starters shall take the field and be introduced. (See Appendix B)

Practice

On the day before a preliminary-round game, visiting teams will be permitted to practice on the game field for 60 minutes. The practice will be restricted from penalty

An institution's official uniform and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, and towels) that are worn by student-athletes in competition may bear a single manufacturer's or distributor's normal trademark, not to exceed 2¼ square inches, including any additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square or parallelogram).

In addition, an institution's official uniform cannot bear a design element similar to the manufacturer's that is in addition to another logo or that is contrary to the size restriction.

A student-athlete representing an institution in intercollegiate competition is limited to wearing apparel items that include only the logo (not to exceed 2¼ square inches) of an apparel manufacturer or distributor. The student-athlete may not wear any apparel that identifies another entity other than the student-athlete's institution.

These restrictions apply to all apparel worn by student-athletes during the conduct of competition, which includes any pregame or postgame activities.

Also, the logo restriction on student-athletes' apparel as set forth in 12.5.4 shall apply to commercial logos on uniforms worn by band members, cheerleaders, dance team members and the institution's mascot during NCAA championship events.

Videotaping and Still Photographs

[Reference: Bylaw 31.6.4.3 in the NCAA Division I Manual.]

The videotaping or filming of an opponent's game is not permitted without prior approval of the participating teams. If in-person scouting occurs, the individual(s) shall pay the regular admission price.

Institutions are permitted to videotape championship competition by their teams or their individual student-athletes for archival, coaching or instructional purposes. Each institution is permitted to use one camera and may videotape only that portion of the competition in which it participates. The videotapes may not be used for any commercial purposes. An institutional representative shall contact the event coordinator at the host site to arrange for camera space at that site. The host institution shall provide a comparable location for both competing teams.

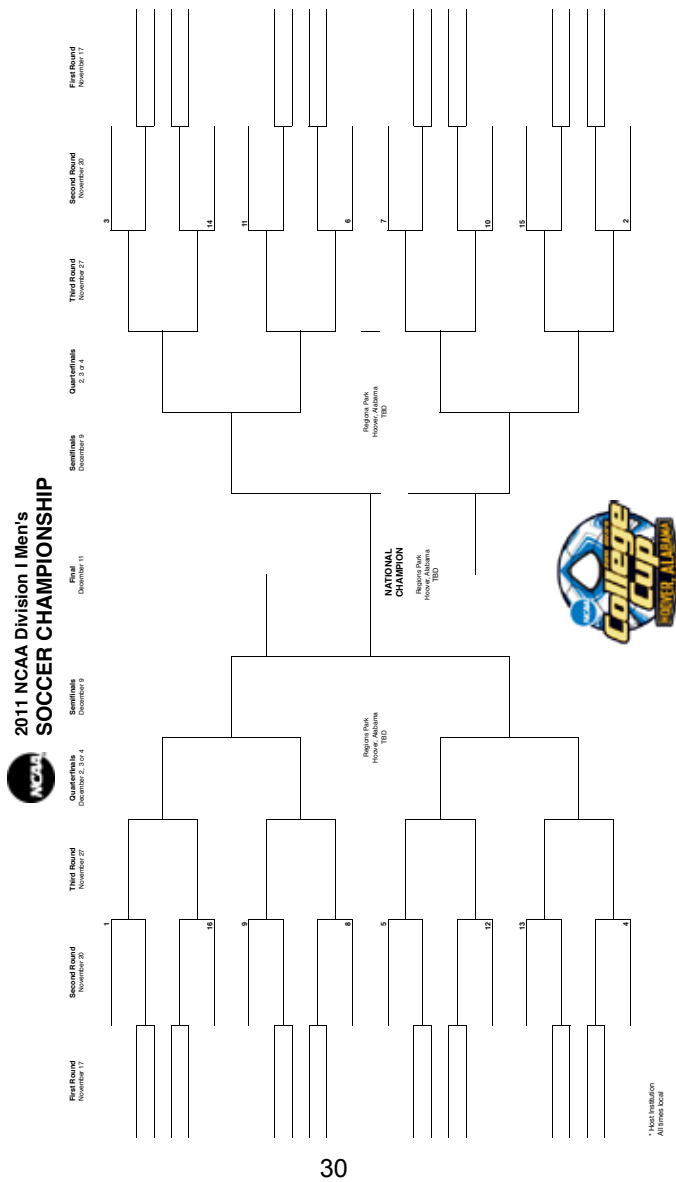

Further, host institutions for all rounds of competition are required to videotape the game (from the time when pregame introductions take place until the time teams exit the field after the game). The committee implemented this policy to ensure complete footage of all games is available, in case any game needs to be reviewed because of potential misconduct situations. (See page 16.)

For preliminary-round sites, a team in the top 16 will automatically be selected as a site, unless the institution did not submit a bid to host. If a game involves two seeded teams, the higher seed will host, unless the institution did not submit a bid to host.

If the field is unplayable, the host will have the opportunity to find a suitable alternate site. The criteria for an alternate site would be for the field to have a minimum dimension of 70 yards x 110 yards, and the field must be deemed playable by the games committee and approved by the NCAA Division I Men's Soccer Committee.

*Reclassifying to Division I.
