Q2: If students meet the [COVID-19 Automatic Waiver criteria for 2021-22 or 2022-23 enrollment](#) but also present a non-qualifying standardized test score, will they still receive the automatic waiver?

A2: Yes. Similar to the approach in 2020-21, standardized test scores are not included in the COVID-19 Automatic Waiver criteria for 2021-22 or 2022-23 enrollment.

Q3: How will the COVID-19 Automatic Waiver for 2021-22 or 2022-23 enrollment appear in the student's Eligibility Center account?

A3: For students who meet the alternative [Qualifier or Early Academic Qualifier standard](#), their Eligibility Center account will show Final Nonqualifier (Division I) or Final Partial Qualifier (Division II) status with "COVID-19 Automatic Waiver Approved" in the "Academic Status" field (see below):

DIVISION I Academic Status Final Nonqualifier (COVID-19 Automatic Waiver Approved)	Amateur Status Preliminary Reviewed	DIVISION II Academic Status Final Partial Qualifier (COVID-19 Automatic Waiver Approved)	Amateur Status Preliminary Reviewed

Q4: Will homeschool students be eligible to meet the [COVID-19 Automatic Waiver criteria for 2021-22 or 2022-23 enrollment?](#)

A4: Yes, similar to the approach in 2020-21.

Submission of Academic Documents

Q5: Will there be any flexibility in requiring official academic documents?

A5: Official academic records are necessary to ensure accurate initial-eligibility certifications and should be submitted via an [approved channel](#) whenever possible. Similar to the approach in 2020-21, if only unofficial records are available for students who initially enroll full time in the 2021-22 or 2022-23 academic year, they may be submitted to ec-processing@ncaa.org directly from the email associated with the student's Eligibility Center account and should include the student's NCAA ID in the subject line.

Academic Evaluations

Q6: How will the Eligibility Center approach schools with NCAA-approved core courses that offer distance, e-learning or hybrid options for students due to COVID-19?

A6: The Eligibility Center will not require a separate review of distance, e-learning or hybrid programs offered by schools with NCAA-approved core courses in spring/summer 2020, 2020-21 or 2021-22 in response to COVID-19. Students may complete their NCAA-approved core courses through the channels of instruction provided or recommended by their school, district or state department of education. For parents administering home school curriculum, please review the information included in the Eligibility Center [home school resources](#).

Note: This policy will apply to students from all grade levels (e.g., freshmen, sophomores) who complete distance, e-learning or hybrid courses in spring/summer 2020, 2020-21 or 2021-22 at schools with NCAA-approved core courses.

Q7: How will the Eligibility Center approach high schools that issue pass/fail grades?

A7: For NCAA-approved core courses completed in spring/summer 2020, 2020-21 or 2021-22 that have been issued a grade of pass, the Eligibility Center will apply the credit earned in these courses toward the core-course requirement in the student's certification. If the student's core-course GPA would increase by assigning a value of 2.300, this value will be assigned to the passed courses. However, if the student's core-course GPA would decrease by including the 2.300 value for passed courses, the student's core-course GPA will be calculated based only on courses with assigned letter grades from previous terms (credit from these courses will still be applied toward the student's core-course requirements).

Note: This policy will apply to students from all grade levels (e.g., freshmen, sophomores) who successfully complete NCAA-approved pass/fail core courses in spring/summer 2020, 2020-21 or 2021-22.

Q8: Will there be any flexibility in the Division I core-course time limitation?

A8: Yes. Similar to the approach in 2020-21, students who initially enroll full time in 2021-22 or 2022-23 may use up to six core-course units completed after starting the seventh semester (and before full-time enrollment) in their initial-eligibility certification, regardless of whether the student graduated on time or when the courses are completed (i.e., during the academic year or summer term).

Note: For Division I, similar to the approach in 2020-21, students who initially enroll full time in 2021-22 or 2022-23 may use all core courses completed before initial full-time enrollment in their academic-redshirt certification.

Q9: How will the Eligibility Center approach canceled international leaving examinations?

A9: The Eligibility Center encourages submission of official year-by-year transcripts for evaluation of international students. For countries and/or examination boards issuing certificates/diplomas without final exams (based on other assessment methodologies), the Eligibility Center will accept the credential as acceptable proof of high school graduation, provided it is listed as an acceptable proof of graduation in the [Guide to International Academic Standards for Athletics Eligibility](#). As a reminder, the [Graduation Timeline Confirmation Form](#) may also be submitted, as appropriate, to extend the graduation timeline.

Q10: What if students do not meet the [COVID-19 Automatic Waiver criteria for 2021-22 or 2022-23 enrollment](#)?

A10: Member schools may submit an initial-eligibility waiver for students who do not meet COVID-19 Automatic Waiver criteria for 2021-22 or 2022-23 enrollment.

Subsequent Classes

Q11: Will other classes (e.g., sophomores, juniors) receive any flexibility in the NCAA initial-eligibility standard as a result of COVID-19?

A11: The approach to pass/fail grades and distance/e-learning/hybrid courses will apply to all students, including subsequent classes, who complete NCAA-approved core courses in spring/summer 2020, 2020-21 or 2021-22.
