Welcome to the NCAA Eligibility Center High School Portal

Thank you for working with us to help ensure your student-athletes are prepared for thengs they will face in college. You play an integral role in the initial-eligibility certification process for your college-bound student-athletes, which means the relationship between your high school and the Eligibility Center is very important.

We recognize that your time is valuable, and appreciate your willingness to help. This is important because the initial-eligibility certification process is most successful when responsibility is shared among students, families, high schools, colleges/universities and the Eligibility Center.

Once you have logged in to the system, you will be able to do the following:

- Submit core course changes (new titles, old titles, title changes) for your school;
- Update your school's Eligibility Center contact information;
- Run reports on students from your high school who have registered with the Eligibility Center;
- Submit fee waiver verification for eligible students.
