4.10.2020:
NCAA EC COVID-19 Response Update
The NCAA Eligibility Center has received a number of inquiries regarding potential adjustments to the initial-eligibility certification process as a result of closures, cancellations and changes due to COVID-19. We are working closely with our member institutions and making progress toward national solutions to the issues raised for both Divisions I and II. We look forward to communicating the details of these adjustments in the coming weeks upon complete review through our governance processes.

For information on COVID-19, please visit ncaa.org/COVID-19 and continue to monitor for more information from the Eligibility Center at on.ncaa.com/EC_COVID.

4.3.2020:
Distance/E-Learning Programs
In response to questions regarding schools that have moved to distance or e-learning environments, the Eligibility Center will not require a separate review of distance or e-learning programs utilized by schools with NCAA-approved core courses that have moved to distance or e-learning environments for Spring/Summer 2020 terms due to school closures related to the COVID-19 situation.

Students are encouraged to complete their NCAA-approved core courses through the channels of instruction provided or recommended by their school, district or state department of education.

We understand these unparalleled circumstances are creating challenges to all involved in college, high school, club and youth athletics. As such, we are committed to providing timely information and will communicate with you once new information becomes available. For information on COVID-19, please visit ncaa.org/COVID-19 and continue to monitor for more information from the Eligibility Center at on.ncaa.com/EC_COVID.

3.19.2020:
NCAA EC COVID-19 Response
In response to closings, cancellations and changes related to COVID-19, the Eligibility Center is closely monitoring the impact on students and their ability to meet NCAA initial-eligibility requirements. The EC will be posting more information here in the coming days to assist our membership, prospective student-athletes and the high school community. For information on COVID-19, please visit ncaa.org/COVID-19 and continue to monitor for more information.
