NCAA® ELIGIBILITY CENTER

ADVANCED PLACEMENT COURSE TITLES

The Eligibility Center approves submitted courses that meet NCAA core-course legislation and the criteria for approval in the NCAA High School Review Committee Policies and Procedures. High schools that add weight to advanced level courses can have this weight applied to student certifications by the Eligibility Center, following NCAA course-weight guidelines. Click here for information regarding how to update your high school's grading scale.

The following advanced placement courses meet NCAA core-course legislation and the criteria for approval, provided the courses are submitted in the appropriate subject area by the high school.

- » AP Spanish Literature and Culture.

Note: If one of these titles has been designated as "not approved" on a high school's list of NCAA core courses:

1. Confirm the course has been submitted for review in the correct subject-area. The only courses eligible for approval in the additional discipline are world language, comparative religion or philosophy.

2. Review the "not approved" reason code language for further information.

Additional Information

The following AP course titles do not meet NCAA core-course legislation and will not be approved:

- » AP Art and Design.
- » AP Music Theory.
