

## High School

# International Baccalaureate Course Titles

The NCAA Eligibility Center approves submitted courses that meet NCAA core-course legislation and the criteria for approval in the [NCAA High School Review Committee Policies and Procedures](#). High schools that add weight to advanced level courses can have this weight applied to student certifications, following NCAA course-weight guidelines. [Click here](#) for information on how to update your high school's grading scale.

The following international baccalaureate courses meet NCAA core-course legislation and the criteria for approval, provided the courses are submitted in the appropriate subject area by the high school.

**Note:** All titles below are approved at both the HL and SL levels.
