For the Academic and Amateurism Certification account, the fee for college-bound student-athletes attending a high school in the United States, a U.S. territory or Canada is $100; the fee for international students is $160. For students for which an Amateurism-Only Certification account is the right choice, the fee for all students is $70. Profile Page accounts do not have a fee.

- If students are unable to pay the registration fee for the NCAA Eligibility Center due to financial considerations, there is an option in the Payment section of their Eligibility Center account to indicate they are eligible to receive a fee waiver. Students are eligible for an Eligibility Center fee waiver if they meet any of the fee waiver criteria.

- If a student meets any of the fee waiver criteria and has not attended a U.S. high school (e.g., international students, home school students), a task will be assigned to their Eligibility Center account with additional instructions for completing the fee waiver requirement.
