

Which Eligibility Center Account Should I Create?

There are two different types of Eligibility Center accounts to help college-bound student-athletes make the best decision about their college careers.

Certification Accounts

College-bound student-athletes planning to compete at an NCAA Division I or II school will need Certification Accounts. A student also needs to be registered with a certification account before making official visits or signing an [National Letter of Intent](#) with a Division I or II school. Please allow for 35-40 minutes to complete your registration and see our [Registration Checklist](#) for further details.

Profile Page Accounts

If you plan to compete at a Division III school or are currently unsure which division you want to compete in, create a free Profile Page. Please allow 15 to 30 minutes to completely register. If at any time you wish to play at the Division I or II level, you can transition to a Certification Account and pay the registration fee to begin your certification process.

Note: You may transition from a Profile Page to a Certification Account but cannot move from a Certification Account to a Profile Page.

What should I do if...

I want to play at a Division I school:

Register for a Certification Account. Have information about your education and sports history ready to make your registration process easier. You will also need to pay within 30 days of creating your account for it to remain active. Make sure you're on track to be eligible by following the [Division I academic guidelines](#).

I want to play at a Division II school:

Register for a Certification Account. Have information about your education and sports history ready to make your registration process easier. You will also need to pay within 30 days of creating your account for it to remain active. Make sure you're on track to be eligible by following the [Division II academic guidelines](#).

I want to play at a Division III school:

Register for a Profile Page. Division III schools set their own academic requirements. Check with your school to make sure you're on track to be eligible. If you decide to play Division I or II sports at a later time, you will need to transition to a Certification Account.

I'm not sure where I want to play:

Register for a Profile Page. As you go through your college process and learn what division is best for you, you can receive updates from the Eligibility Center with helpful reminders to make sure you're ready to participate in college. You can keep your Profile Page or transition to a Certification Account once you make your college decision.
