NCAA Eligibility Center COVID-19 Response FAQs  
*For Students Initially Enrolling Full Time in the 2021-22 or 2022-23 Academic Year*

Given the continuing impact of COVID-19 on the educational environment, the NCAA Eligibility Center has partnered with the NCAA membership to identify the following changes to the initial-eligibility certification process for students who initially enroll full time in an NCAA Division I or II school during the 2021-22 or 2022-23 academic year. The Eligibility Center will continue to monitor the environment and make necessary adjustments to prioritize health, safety and fairness for all prospective student-athletes.

INITIAL-ELIGIBILITY FOR ALL OTHER CLASSES

DI Academic Requirements

DII Academic Requirements
Each Division III college or university determines its own eligibility for:

- Admission.
- Financial aid.
- Practice and competition.

The NCAA EC does not perform certifications for Division III college-bound student-athletes.

Division III student-athletes may register for a free Profile Page, but it is not required.
DISTANCE OR E-LEARNING
DISTANCE OR E-LEARNING

The Eligibility Center will not require a separate review of distance or e-learning programs used during the 2021-22 and 2022-23 academic calendars in response to closures due to COVID-19.
DISTANCE OR E-LEARNING

Note: This policy will apply to students from all grade levels (e.g., freshmen, sophomores) who complete distance or e-learning courses during the 2020-21 and 2021-22 academic years.
Taking online or hybrid courses does not necessarily mean your students are home schooled.
Home school students can also meet the COVID-19 Automatic Waiver criteria for 2021-22 enrollment. Review our [Home School Toolkit](#) for questions about home schooling.
AMATEURISM

In general, amateurism requirements do not allow:

- Contracts with professional teams.
- Salary for participating in athletics.
- Prize money above actual and necessary expenses.
- Play with professionals.
- Tryouts, practice or competition with a professional team.
- Benefits from an agent or prospective agent.
- Agreement to be represented by an agent.
- Delayed initial full-time collegiate enrollment to participate in organized sports competition.
If your students have questions, encourage them to contact us before acting. Their actions may impact their future NCAA eligibility.
SPORTS PARTICIPATION

When students register for a Certification account, they must:

- Select the sport(s) they would like to play in college.
- Update their information frequently if they play for multiple teams or attend events outside the traditional high school setting.
- Request final amateurism before they enroll full time at a DI or II school.

Note: Over 94% of students do not require additional questions from the EC after they request final amateurism.
PROACTIVE STUDENT ACTIONS

If students want to play sports in college, they must:

- Share their NCAA ID with schools recruiting them.
- Apply to schools of their choosing to be accepted.
- Request final amateurism certification before they enroll full time in college.
  - Starting April 1 (fall).
  - Starting Oct. 1 (winter/spring).
- Ask their counselor to submit their final transcript with proof of graduation.

Know that considerations are given to students with documented education-impacting disabilities.
