# INDIVIDUAL RECORDS

Official NCAA Division II women's lacrosse records began with the 1998 season and are based on information submitted to the NCAA statistics service by institutions participating in the statistics rankings. Caused turnovers, draw controls and ground balls were added for the 2007 season. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. In these cases, the numerical order of the rankings is accurate. A player whose career includes statistics from five seasons (or an active player who will play in five seasons) because she was granted an additional season of competition for reasons of hardship or a freshman redshirt is denoted by \$.

# TEAM RECORDS

---

Official NCAA women's lacrosse records began with the 1982 season and are based on information submitted to the NCAA statistics service by institutions participating in the statistics rankings. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. In these cases, the numerical order of the rankings is accurate.
