Official NCAA Division III baseball records began with the 1974 season and are based on information submitted to the NCAA statistics service by institutions participating in the statistics rankings. Career records of players include only those years in which they competed in Division III. Annual individual champions in runs, bases on balls, toughest to strike out and saves were added in 1990, along with annual team champions in home runs, triples, doubles, stolen bases, slugging percentage and double plays. Individual hit by pitch and sacrifice hits were added in 2004. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. In these cases, the numerical order of the rankings is accurate.
