NCAA Tournament Format History

1947 — Eight teams were divided into two, four-team, single-elimination playoffs. The two winners then met in a best-of-three final in Kalamazoo, Michigan.

1948 — Similar to 1947, but the two, four-team playoffs were changed to double-elimination tournaments. Again in the finals, the two winners met in a best-of-three format in Kalamazoo.

1949 — The final was expanded to a four-team, double-elimination format and the site changed to Wichita, Kansas. Eight teams began the playoffs with the four finalists decided by a best-of-three district format.

1950-1987 — An eight-team, double-elimination format for the College World Series coincided with the move to Omaha in 1950.

1988-1998 — The eight regional champions are seeded into two, four-team brackets. Those two brackets play double-elimination with the bracket winners then meeting in a one-game championship.

1999-2002 — While the CWS format remains the same, the expanded field means the eight super regional champions advance. The 64-team bracket is set at the beginning of the championship and teams are not reseeded for the CWS.

2003 — The eight super regional champions advance into two, four-team brackets. The eight super regional winners are not reseeded for the CWS. Those two brackets play double-elimination with the bracket winners then meeting in a best-of-three championship series.
