Undefeated, Untied Teams

(Regular-Season Games Only)

Following is a list of undefeated and untied teams since 1973, when College Division teams were divided into Division II and Division III under a three-division reorganization plan adopted by the special NCAA Convention in August 1973. Since 1981, conference playoff games have been included in a team's won-lost record (previously, such games were considered postseason contests). Figures indicate the regular-season wins (minimum seven games against four-year varsity opponents). A subsequent post-season win(s) in the Division III championship or a conference playoff game (before 1981) is indicated by (*), a loss by (†) and a tie by (‡).

The Spoilers

(Since 1973, when the three-division reorganization plan was adopted by the special NCAA Convention, creating Divisions II and III.)

Following is a list of the spoilers of Division III teams that lost their perfect (undefeated, untied) record in their **season-ending** game, including the Division III championship playoffs. An asterisk (*) indicates a Division III championship playoff game and a dagger (†) indicates the home team in a regular-season game or a conference playoff. A game involving two undefeated, untied teams is in bold face.

Regular-Season Overtime Games

In 1981, the NCAA Football Rules Committee approved an overtime tiebreaker system to decide a tie game for the purpose of determining a conference champion. The following conferences used the tiebreaker system to decide conference-only tie games. (In 1996, the tiebreaker became mandatory in all games tied after four periods.) The number of overtimes is indicated in parentheses.
