Harvard sports information

DIVISION I-AA

Eastern Illinois' Tony Romo completed two-thirds of his passes last year, which was a big factor in his 178.3 passing efficiency rating. Romo was the Division I-AA leader in that department, and the figure landed him fourth on the division's single-season list.

Toughest-Schedule Annual Leaders

The Division I-AA toughest-schedule program, which began in 1982, is based on what all Division I-AA opponents did against other Division I-AA and Division I-A teams when not playing the team in question. Games against non-I-AA and I-A teams are deleted. (Playoff or postseason games are not included.) The top two leaders by year:

Regular-Season Overtime Games Prior to 1996

In 1981, the NCAA Football Rules Committee approved an overtime tiebreaker system to decide a tie game for the purpose of determining a conference champion. The following conferences used the tiebreaker system to decide conference-only tie games. (Beginning in 1996, all college football games used the tiebreaker if the score was tied after four periods.) In an overtime period, one end of the field is used and each team gets an offensive possession beginning at the 25-yard line. Each team shall have possession until it has scored, failed to gain a first down or lost possession. The team scoring the greater number of points after completion of both possessions is declared the winner. The periods continue until a winner is determined.

Surface Notes: *This column indicates the type of surface (either artificial or natural grass) present this year in the stadium. The brand name of the artificial turf, if known, is listed. Legend: Turf—Any of several types of artificial turfs (name brands include AstroTurf, All-Pro, Omni-Turf, SuperTurf, etc.); Grass—Natural grass surface; PAT—Prescription Athletic Turf (a "natural-artificial" surface featuring a network of pipes connected to pumps capable of sucking water from the natural turf or watering it. The pipes are located 18 inches from the surface and covered with a mixture of sand and filler. The turf also is lined with heating coils to keep it from freezing in temperatures below 32 degrees).

Rules changes and statistics changes affecting trends: PUNTING—Beginning in 1965, 20 yards not deducted from a punt into the end zone for a touchback. INTERCEPTIONS—Interceptions yards not compiled, 1958-65. KICKOFF RETURNS—During 1937-45, if a kickoff went out of bounds, the receiving team put the ball in play on its 35-yard line instead of a second kickoff; in 1984 (rescinded in 1985), a 30-yard-line touchback for kickoffs crossing the goal line in flight and first touching the ground out of the end zone; in 1986, kickoffs from the 35-yard line. PUNT RETURNS—In 1967, interior linemen restricted from leaving until the ball is kicked.
