Last time the Frozen Four was in Albany, Lake Superior State won the second of its three titles by defeating Wisconsin 5-3 in the 1992 championship game.

Tournament History

- 1948** The NCAA championship is initiated as a four-team, single-elimination bracket. Jim Malone scores the tournament's first goal to spark Dartmouth past Colorado College 8-4 in the opening NCAA postseason game, a semifinal contest played March 18 at The Broadmoor World Arena in Colorado Springs. Dartmouth falls to Michigan in the title game, however, as the Wolverines win the first of six crowns over the event's opening nine years.
- 1949** The third-place game is added.
- 1958** The championship moves out of Colorado Springs for the first time and is played in Williams Arena on the University of Minnesota campus as part of the state of Minnesota's centennial celebration. A record crowd of 7,878 sees Denver win its first title by defeating North Dakota, 6-2.
- 1960** The 50th NCAA tournament game has Boston University topping St. Lawrence 7-6 in the third-place contest, March 19 in Boston.
- 1961** St. Lawrence forward John Mason scores the 500th goal in NCAA tournament history, a second-period marker that leads to a 6-3 semifinal triumph over Rensselaer.
- 1964** Michigan wins its seventh NCAA ice hockey championship in 17 years, defeating Denver 6-3 on the Pioneers' home ice.
- 1969** Denver captures its second straight title and fifth over a 12-year period with a 4-3 triumph of Cornell.
- 1970** Cornell (29-0) finishes the only perfect season in NCAA Division I history with a 6-4 triumph over Clarkson in the championship game at Lake Placid. The Division I Ice Hockey Committee begins seeding the two teams from the East and West regions for the purpose of national semifinal pairings.
- 1972** A sellout crowd of 14,995, nearly double the previous NCAA tournament record, watches hometown favorite Boston University blank Cornell 4-0 in the final at Boston Garden. The Terriers' crown is their second straight, and no team since has won consecutive NCAA Division I hockey championships. It is the longest such streak in NCAA history for any sport, any division.
- 1973** In the 100th NCAA tournament game, Denver advances to the championship final with a 10-4 triumph over Boston College, March 15 in Boston.
- 1977** The Division I Ice Hockey Committee begins adding a third team to the championship bracket from each region when necessary. The first-ever opening-round game features the 1,000th goal in NCAA tournament history, a power-play score by Michigan's Kris Manery that leads to a 7-5 triumph over Bowling Green. The next week, an Olympia Stadium title-game crowd of 14,437 watches Michigan carry Wisconsin into overtime, but the Badgers need only 23 extra seconds to win 6-5 for their second NCAA crown. The game is the shortest of 10 championship finals that have gone into overtime.
- 1979** Minnesota notches its third title in six years with a 4-3 defeat of North Dakota. Gophers coach Herb Brooks compiled an NCAA-tournament best .889 winning percentage by going 8-1 during this six-year run.
- 1981** The bracket is increased to eight teams, with four teams each from the East and West regions. First-round games are based on a two-game, total-goals series, while the semifinals and final continue as single elimination.
- 1984** Bowling Green captures the title at Lake Placid in a 5-4, four-overtime classic against Minnesota-Duluth. The longest championship final in NCAA ice hockey history ends on a Gino Cavallini goal at the 97:11 mark.
- 1986** The NCAA championship passes the 200-game mark during quarterfinal action March 22 at Boston University, Michigan State, Denver and Harvard.
- 1987** North Dakota joins Michigan and Denver as a five-time champion with its 5-3 triumph over Michigan State. The last three Fighting Sioux titles occur under the guidance of head coach Gino Gasparini.
- 1988** The bracket increases to 12 teams. First-round and quarterfinal games are based on a two-game, total-goals series, with the semifinals and final continuing as single elimination.
- 1989** First-round and quarterfinal games become a best-of-three format.
- 1990** The third-place game is eliminated. Wisconsin becomes the fourth team to capture at least five NCAA titles when the Badgers stop Colgate 7-3 in Detroit.
- 1991** Northern Michigan edges Boston University 8-7 in a three-overtime championship game that takes 81 minutes, 57 seconds to complete. Not only does Northern's Darryl Plandowski score the game-winner for the Wildcats, but his hat trick also includes a second-period tally that is the 2,500th goal in NCAA tournament history. Earlier in the championship, the 300th NCAA tournament game is played during the second night of quarterfinal action, March 23, at Maine, Northern Michigan, Boston University and Lake Superior State.
- 1992** Preliminary rounds are divided into an East and West Regional, become single-elimination and are held at predetermined sites.
- 1993** Maine captures its first title when Jim Montgomery scores a third-period hat trick during a 4:35 span to rally the Black Bears past Lake Superior State 5-4 before 17,704 in Milwaukee. Maine's 40-1-2 record is the best since Cornell's perfect season.
- 1994** A record-tying four overtime games are played in the tournament, including three by champion Lake Superior State. One Lakers overtime victory - 6-5 over Northeastern - lasts only 15 extra seconds, the shortest overtime game in NCAA tournament history.

Bill Cleary made the 1955 all-tournament team for third-place Harvard by scoring five goals in two games. He later coached the Crimson to their only title when the Boston club won a 1989 thriller to beat home-standing Minnesota.

- 1995** In the opening national semifinal, Maine outlasts Michigan 4-3 in triple-overtime in what was then the longest NCAA tournament game ever played. Dan Shermerhorn scores at the 100:28 mark to end the contest. The second semifinal, Boston University's 7-3 triumph over Minnesota, marks the 350th NCAA tournament game.
- 1996** Michigan topples Colorado College 3-2 in overtime for its eighth national championship. Colorado College returns to the semifinals for the first time since 1957.
- 1997** North Dakota becomes the second team to win six NCAA hockey crowns, beating Boston University 6-4 in the final. Dean Blais also becomes the first coach since Herb Brooks in 1974 to capture the title in his first tournament appearance. The championship's overall per-session attendance record topples as an average crowd of 12,104 sees each of the seven sessions.
- 1998** Both top-seeded teams are eliminated in the regionals and surprising Michigan takes advantage to claim a record ninth NCAA title. Boston College is the victim this time after the Eagles return to the title game for the first time in 20 years. They play in front of the hometown fans of Boston, which hosts a national final for the first time in 24 years. All three sessions at the FleetCenter draw record crowds, including 18,276 for the title game. Yale breaks a 45-year drought and returns to the NCAA tournament. Minnesota's record streak of 13 straight NCAA appearances ends. New Hampshire's Dylan Dellezay scores the 3,000th goal in tournament history to spark the Wildcats past Wisconsin 7-4 in the East Regional's first round. All eight regional games are produced and distributed by NCAA Productions via ESPN pay-per-view.
- 1999** The NCAA Division I hockey final round officially takes the name "Men's Frozen Four." Worcester's Centrum Centre hosts a regional record single-session crowd of 12,517.
- 2000** North Dakota wins its seventh NCAA title, rallying to defeat Boston College 4-2 in the 200th game in Frozen Four history. St. Lawrence earns its first Frozen Four ticket in 12 years with a 3-2, four-overtime triumph of Boston University at the East Regional. Robin Carruthers scores the winner at 123:53 (actual playing time was just under six hours) to conclude the tournament's longest game. In the West Regional second round, North Dakota's 4-1 victory over Niagara marks the tournament's 400th contest. Combined regional attendance at Albany, N.Y., and Minneapolis is a record 34,969.

Seeding History

The Division I Men's Ice Hockey Committee began seeding the two teams from the East and West regions with the 1970 championship for the purpose of national semifinal pairings. Beginning in 1977, a third team could be added to each region if deemed necessary by the committee. There were four seeds each from the East and West during the 1981-87 tournaments, and the quarterfinal-round was a two-game, total-goal series. Since 1988, there have been six seeds each from the East and West regions. The two-game, total-goal format continued for the 1988 championship, then a best-of-three series took place for the first rounds and quarterfinals from 1989-91. Regional competition and single-elimination play began in 1992. The national third-place game was eliminated following the 1989 championship.
