Individual Records

Basketball records are confined to the "modern era," which began with the 1937-38 season, the first without the center jump after each goal scored. Except for the school's all-time won-lost record or coaches' records, only statistics achieved while an institution was an active member of the NCAA are included in team or individual categories. Official weekly statistics rankings in scoring and shooting began with the 1947-48 season; individual rebounds were added for the 1950-51 season, although team rebounds were not added until 1954-55. Individual assists were kept in 1950-51 and 1951-52, and permanently added in 1983-84. Blocked shots and steals were added in 1985-86 and three-point field goals were added in 1986-87. Assists-to-turnover ratio was added in 2007-08. For Triple-Doubles and Double-Doubles, the individual had to reach double figures in two or more of the following categories: points, rebounds, assists, blocked shots or steals. Triple-Doubles and Double-Doubles include only the years in which each category was officially kept by the NCAA. Scoring, rebounding, assists, blocked shots and steals are ranked on total number and on per-game average; shooting, on percentage. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exist. In these cases, the numerical order of the rankings is accurate. In 1973, freshmen became eligible to compete on the varsity level.

Final Season Polls

Final Regular-Season Polls

The Helms Foundation of Los Angeles selected the national college men's basketball champions from 1942-82 and researched retroactive picks from 1901-41. The Helms winners are listed in this section to the time The Associated Press (AP) poll started in 1949. The AP is the writers' poll, while the UPI and USA Today/CNN and USA Today/NABC polls are the coaches' polls.
