Individual Records

Division III men's basketball records are based on the performances of Division III teams since the three-division reorganization plan was adopted by the special NCAA Convention in August 1973. Assists were added for the 1988-89 season; blocked shots and steals were added for the 1992-93 season. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. In these cases, the numerical order of the rankings is accurate.
