INDIVIDUAL RECORDS

The format of a match changed in 2008. The term "game" was changed to "set." In addition, scoring for those sets moved from 30 points to 25 points in 2011, except in matches that go to the full five sets, in which the fifth set is still played to 15.

The match format previously changed in 2001, with scoring for each set moving from 15 points to 30 points, except in matches that went the full five sets, in which the winning score again remained at 15.

In reflection of these changes, category leaders under the different scoring formats are separated in order to avoid eliminating the achievements of those student-athletes who played under the previous formats.

Official NCAA volleyball records began with the 1970 season, corresponding with the first NCAA championship, and are based on information submitted to the NCAA statistics service by institutions participating in the statistics rankings. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. In these cases, the numerical order of the rankings is accurate.

The NCAA recognized Division III as a separate division corresponding with the first NCAA Division III national championship in 2012. All records for DIII institutions prior to 2012 are located in the National Collegiate record book.

Research continues on single match and career data.

Official NCAA career records for Division III include players who played a majority of career sets during the era of official NCAA Division III play.

TEAM RECORDS

Official NCAA volleyball records began with the 1981 season and are based on information submitted to the NCAA statistics service by institutions participating in the statistics rankings. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. In these cases, the numerical order of the rankings is accurate.

In 2011, team season blocking categories were added for seasons since 2001. Research continues on single match data for those seasons.

The NCAA recognized Division III as a separate division corresponding with the first NCAA Division III national championship in 2012. All records for DIII institutions prior to 2012 are located in the National Collegiate record book.
