Individual Records

Official NCAA women's basketball records began with the 1981-82 season and are based on information submitted to the NCAA statistics service by institutions participating in the weekly statistics rankings. Official career records include only those seasons in Division III during the era of official NCAA statistics, which began with the 1981-82 season. Three-point field goals were added in 1987-88, assists were added in 1988-89 and blocked shots and steals were added in 1992-93. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. In these cases, the numerical order of the rankings is accurate.
