All-Time Division I Conference Attendance

Conference attendance consists of home game figures from member institutions, including doubleheaders with men beginning in 1996-97 season, and neutral-site conference tournament figures since 2000-01. The previous year's figures used for comparison reflect the following year's changes in divisional lineups to provide parallel comparisons, except for the 2000-01 season, when conference tournament neutral-site attendance was included in the conference totals for the first time. Conference highs are marked with an asterisk (*).
