Individual Pre-NCAA Leaders

Official NCAA field hockey statistics began in 1981 and are based on information submitted to the NCAA statistics service by institutions participating in the statistics rankings, and information maintained by the National Field Hockey Coaches Association and Chip Rogers, director of emerging programs for the NFHCA. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. In these cases, the numerical order of the rankings is accurate.

Those statistics that would otherwise be listed in one of the divisional or collegiate sections, but occurred before the NCAA sponsored women's athletics are contained here. The Association for Intercollegiate Athletics for Women (AIAW) was the sponsoring organization for women's college athletics before the NCAA.
