Individual Records

Official NCAA Division II women's soccer records began with the 1982 season and are based on information submitted to the NCAA statistics service by institutions participating in the statistics rankings. Career records of players include only those years in which they competed in Division II. Annual champions started in the 1998 season, which was the first year the NCAA compiled weekly leaders. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. In these cases, the numerical order of the rankings is accurate.

Team Records

Official NCAA Division II women's soccer records began with the 1982 season and are based on information submitted to the NCAA statistics service by institutions participating in the statistics rankings. Annual champions started in the 1998 season, which was the first year the NCAA compiled weekly leaders. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. In these cases, the numerical order of the rankings is accurate.
